COMMAND CHRONOLOGY - S-3, 1st Tank Battalion, FMFFEBRUARY 1967PART IIOPERATIONS AND TRAININGI OPERATIONS

1. Operation Searcy. The 2nd and 3rd Platoon and Company Headquarters Tank Section of Company C participated in Operation Searcy during the period 1 - 9 February in support of elements of the 3d Battalion, 1st Marines, in the 1st Marines sector of the Division TACR.

2. Operation Stone. The 2nd and 3rd Platoon and the 3rd Section Flame Tanks of Company C participated in Operation Stone during the period 11 - 17 February in support of the 1st Marines in the southern portion of the Division TACR in the 2nd Battalion, 5th Marines sector. During this period the Heavy Section of the 1st Platoon, Company B, assigned direct support of the 9th Marines, moved to the 3rd Battalion, 1st Marines area to provide tank support in that area.

3. Operation Pulaski. The 1st Platoon, Company B, participated in Operation Pulaski during the period 24 - 25 February in support of the 2nd Battalion, 4th Marines, along the Song Vu Gia River in the 2d Battalion, 4th Marines sector of the Division TACR.

4. Anti-Tank Activities. There were nine anti-tank mine incidents during February. Tanks of Company B detonated two mines in the 9th Marines sector. One additional Company B tank, assigned to the 1st Marines during Operation Stone, detonated a mine in the 1st Marine sector. Company C tanks detonated six mines in the 1st Marines sector. In most cases, the mine consisted of a very large explosive charge which caused moderate to extensive damage to the tank suspension system. In one case, a Company B tank detonated a mine which ruptured the right forward underside of the hull and caused internal damage to the vehicle and injuries to all crew members. The driver received the impact of the explosion and sustained a fractured hip.

5. Personnel Casualties. The Battalion sustained eleven WIA casualties during February. With the exception of one medevac resulting from a mine incident, all were treated at the local Battalion Aid Station and were returned to duty.

6. Viet Cong Box Score for February.

Battalion Command Post. During February 1967, 23 ambush patrols and 17 reconnaissance patrols were dispatched from the Battalion Command Post.

II TRAINING

1. Battalion Training Program. The Battalion Training Program continued to emphasize tank training for all tank crewmen. Hill 41 Tank Gunnery Range was unavailable for firing, except for one day during the month of February, due to the presence of friendly troops in or adjacent to the firing range impact area.
2. Weapons Safety Training. The Battalion Weapons Safety Training Program was conducted weekly and continued to emphasize familiarization with and safety in handling all of the small arms used in this Battalion.
3. Troop Indoctrination and Orientation. Indoctrination and Orientation lectures were presented to 25 newly-joined personnel during February. Weapons Safety training and familiarization firing of all small arms weapons organic to the Battalion were included in this program. The nearby range facilities of the ARVN Hoa Cam Training Center were utilized for all weapons firing.
4. Officers and Staff Non Commissioned Officers Schools. Three periods of instruction were conducted for Officers and Staff Non Commissioned Officers of this Battalion.
5. Technical Training. MOS training was conducted by the various platoons and sections in H&S Company. The Motor Transport and Maintenance Platoons and the Communication and Headquarters Tank Sections actively conducted MOS training.
6. Unit Training. The gun companies conducted training in tank subjects and General Military subjects in addition to the weekly weapons safety training. The gun companies, which are not employed extensively in operations because of the restrictive characteristics of the terrain, conducted intensive MOS and General Military subjects training.

~~CONFIDENTIAL~~CIVIC ACTION

On 17 February 1967, 2nd Lieutenant J. M. RAY relieved Captain J. H. COWMAN as Civic Action Officer.

On 3 February 1967, a Spring Day Festival was held at the HOA PHAT School in HOA AN. There were an estimated 650 people in attendance. They were entertained by the 1st Marine Division Band, a Karate demonstration and boxing matches.

On 22 February 1967, an Elders Day Festival was held at the "War Chief" memorial in HOA AN. The Commanding General of the 1st Marine Division, Major General NICKERSON was in attendance as was Colonel MALLORY of G-5 and Lt. Colonel TAYLOR of the 1st Tank Battalion. There were an estimated 150 elders in attendance and they were entertained by the III MAF band, a Culture and Drama Team and boxing matches. A highlight of the ceremony was the raising of the RVN flag, followed by the pledge of allegiance.

During the month of February, three requests for material have been forwarded through G-5. To date there have been no action taken on the construction materials for the dispensary. However G-5 assures this office that the materials will become available as soon as possible.

During the month of February, two loads of scrap lumber has been delivered to the village. One load was distributed by the village chief to needy villagers and the other load is being used to build forms for the foundation for the dispensary. Twelve bags of cement were procured by the C.A. Team for use in the village. Six bags are being used to rebuild a bridge and the other six bags will be utilized in starting construction of the dispensary.

On 24 February 1967, C.A. personnel attended a PYSOPS conference at III MAF. The topics under discussion dealt primarily with the development and distribution of propaganda leaflets and the organization and functions of the office of Civil Operations (OCO).

Advanced planning currently includes completion of the dispensary, relocation of the market place, fencing for the school and construction of playground equipment.

INTELLIGENCE

During the month of February a total of .31 inches of rainfall was recorded. This is compared with 10.62 inches which fell last month. This lack of precipitation has resulted in increased trafficability over both roads and terrain.

Within the DaNang TAOR there were 65 incidents of which 34 were Viet Cong initiated. Of them, nine incidents were mines. These mines either pressure or electrically detonated and resulted in moderate to extensive damage to the tanks. There were nine injuries of which eight were minor and one was med-evac. One significant event occurred when a section of tanks from Company C were fired upon with recoilless rifle fire. This incident along with the increased mine activity is indicative that the Viet Cong are stepping up their anti-tank activities in the DaNang TAOR.

A sequential listing of the anti-tank mines detonated during February is included in the section on significant operations.
