gency leave to CONUS. There were two MIA casualties. One man was killed and two wounded (non-battle) when they were caught in the back blast from an accidental firing of an ONTOS. There were five Article 15 punishments awarded and one summary court-martial. During the month two officers, 40 enlisted and one Corpsman were rotated to CONUS. Three officers, 64 enlisted, and four Corpsman were joined as replacements.

b. Administration. All companies were on Company Administration during this period, and employed the Addressograph PAS system.

c. Intelligence. Information concerning the enemy and terrain was received from III MAF, 3d Marine Division, 9th Marines, and HOA VANG District Headquarters. During the reporting period five Viet Cong Suspects were apprehended in the vicinity of YEN BAC hamlet (AT985701) and evacuated to higher headquarters for interrogation. Of this total, two were subsequently released, and three VCS are still being held for further interrogation.

d. Training. Training for the month of April was highlighted by familiarization firing of T/O weapons by all companies. Utilizing the contact team method of instruction, the Battalion Ordnance Maintenance Section sent teams to the gun companies for preventive maintenance and technical training on the ONTOS. Plans are being completed for the Battalion Ordnance Maintenance and Communications Sections to send contact teams on a regularly scheduled basis to work with the individual ONTOS platoons on an instructional and application basis, the prime objective being improved 1st echelon maintenance on the ONTOS and organic ordnance. The communications contact team will visit on the same schedule, with emphasis on 1st echelon maintenance of the communications equipment of the ONTOS. It is planned to further expand this program into the areas of Motor Transport, Maintenance, and Supply. Antitank company training followed the same pattern as in the past, with on-the-job training being the primary method of instruction. Occasional special subjects were covered to meet the ever changing situation in Vietnam, such as briefings on intelligence, current policies, prisoner handling, and "Religions of Vietnam". The Battalion Motor Transport Section conducted school for all drivers in the DANANG enclave on preventative maintenance and operation of the wheeled vehicles organic to the battalion. Periods of instruction were held on Vietnamese traffic signs and regulations. Formal classes on maintenance and functioning of the M-60 machine gun were held for the Battalion security element. Two Marines attended a one-week Generator Operator course at 3d Engineer Battalion, and received operator's licenses. Eleven enlisted men and one officer of the Battalion Reaction Platoon attended the 3d Engineer Battalion's school on VC mines and booby traps. A three day program of accelerated training on riot control forma-

tions and employment of riot control agents was conducted during the month. This training, along with additional Protective Mask drill was in preparation for possible commitment of one ONTOS platoon and a Provisional Rifle Platoon as part of a Mechanized Task Force for the protection and evacuation of U.S. nationals from the City of DANANG.

The Operations Chief attended a Riot Control Agent seminar at Headquarters, 3d Marine Division.

(a) H&S Co (-). The Battalion area of responsibility was covered by 24 daylight patrols during the month. In addition five night ambushes were established in the area. The Company furnished a reinforced fire team for security of an Engineer well-digging site on six occasions.

A Provisional Rifle Squad was designated for employment as needed by Headquarters, 9th Marines for a Rear Area Defense counterattack strike force composed of units within the 9th Marines TAOR. The Company provided a squad-sized blocking force to support a ARVN sweep of CAM NE (3) sub-hamlet (AT978697). On 20 April a Vietnamese Popular Forces platoon with U. S. Army advisors passed through Battalion lines for employment as a blocking force for a sweep of YEN BAC (AT985701) and CAM HOA (1) (AT965703) and CAM HOA (2) (AT976701) hamlets by a company of 51st ARVN Regiment.

Construction of the Battalion mess hall was completed and the first meal was served on 24 April. A bunker rebuilding program was instituted during the month, and several additional troop strong-backs were constructed.

Visitors to the Battalion Command Post during the month included Colonel J. B. SWEENEY, USMC, Prospective Chief of Staff, 3d Marine Division, and Colonel E. H. SIMMONS, USMC, Commanding Officer, 9th Marines. Both Officers were briefed by the Battalion Commanding Officer and escorted on a tour of YEN BAC (AT985701) hamlet. Brigadier General R. R. VANSTOCKUM, USMC, visited the 3d Tank Battalion CP on 9 April and was briefed by the 3d Antitank Battalion Executive Officer at that location. Two Red Cross ladies conducted audience participation games in the Enlisted Men's Club on two occasions during the month.

(b) Company "A" (-) (Rein) continued in direct support of the 3d Marine Regiment. The 1st Plt. remained in reserve at the Company C. P. with the mission of direct support of the 3d Marines. During the period of 1-10 April this platoon conducted practice firing at LE MY (AT99820), firing 106mm HEP-T and .50 Cal. spotting rifles on all OMOS. On 5 April the platoon was placed on standby for possible commitment to aid in the evacuation of U. S. citizens from the City of DANANG, but they were not called out. During the period of 11-20 April the platoon conducted familiarization firing with all T/O weapons, including the .30 Cal. machine gun.

The month closed out with the platoon conducting a 40 mile road march for driver and crew training. The 2nd Plt. continued in direct support of the 2nd Bn, 3d Marines. During the period of 1-10 April the platoon conducted practice firing on the 106mm recoilless rifles and .50 Cal. spotting rifles at TRUE BAO (AT9071). From 8-10 April one ONTOS was placed on standby at the 3d AT Bn C. P. for possible employment in an armored column. During the remainder of the month the platoon developed defiladed firing positions in support of Companies G and H, 2nd Bn, 3d Marines. 1st Plt. Co "A", 1st AT Bn, continued in direct support of the 1st Bn, 3d Marines. From 1-10 April H&I missions were fired from a firing point located on hill 358 (AT931885) into GS (AT8988, AT9087, AT9088 and AT9089). On 8 April one section was placed on standby at the 3d AT Bn C. P. for possible employment in an armored column. They were released on 10 April, without having been committed. During this same period one ONTOS assumed a defensive role at NAM-O bridge (AT935867) in place of an M-48 Tank that was on standby for the armored column mentioned above. For the remainder of the month the platoon conducted nightly H&I fire missions from positions on hill 358. On 28 April the platoon conducted a direct fire mission in support of Co "D", 1/3, achieving good results in target area.

(e) Company "C" (Rein) continued in direct support of the 9th Marine Regiment. The 1st Plt. was in support of the 2nd Bn, 9th Marines. The platoon commenced the reporting period with one section in support of "F" 2/9 and the other section with "G" 2/9. On 1 April the section with "F" 2/9 supported a sweep of (BT0161). On returning from that location they were taken under VC small arms fire. The ONTOS returned .30 Cal. machine gun fire with no confirmed results. On 2-3 April the section with "G" 2/9 supported a platoon sized patrol. On 3 April the section received small arms sniper fire from a railroad car (AT995616). The sniper fire ceased after the section returned fire with eight .50 Cal. spotting rounds and three rounds of 106mm HEP-T. On 8 April the section with "F" 2/9 supported a platoon patrol with no VC contact. On 9 April the section reinforced a platoon from "F" 2/9 in establishing a road block at THANH GIAT bridge (BT042621). On 10 April the section with "G" 2/9 supported a platoon sweep. That evening the section assumed defensive positions at QUANG DONG (3) (AT993617). At 0100, 11 April the defensive perimeter was hit with heavy VC small arms and automatic weapons fire. One ONTOS received a direct hit (weapon or Cal. unknown) causing a secondary explosion by detonating the 106mm HEP-T ammunition in one of the recoilless rifles. The section sustained two NIA's during this action. On 14 April the section supporting "F" 2/9 came under sniper fire from a house at PHONG LUC (3) (BT018624). The ONTOS used .30 Cal. machine-guns in support of the advancing infantry, and then fired three 106mm HEP-T rounds at the house. Sniper fire ceased.

On 15 April one ONTOS section supported two squads from "F" 2/9 at a blocking position at THANH QUIT (1) (BTO28625). No contact was reported. On 17 April the section with "F" 2/9 supported a patrol and came under fire from approximately 30 to 40 VC who were spotted along the SONG THANH QUIT river (BTO25612). The section returned .30 Cal. machine gun, .50 Cal. spotting rounds and 21 106mm HEP-T rounds with an estimated 15 VC KIA (unconfirmed). On 20 April "E" 2/9 relieved "G" 2/9 and an ONTOS section now supported "E" 2/9. On 21 April "H" 2/9 relieved "F" 2/9 and an ONTOS section now supported "H" 2/9. On 25 April this section supported a S&D patrol, and was taken under fire by an estimated squad of Viet Cong. The ONTOS returned fire with .30 Cal. machine gun fire and five rounds of 106mm HEP-T. A search of the area disclosed expended .30 Cal. M-1 cartridge casings and trails of blood, indicating possible VC KIA/WIA's, but no confirmed count. On 27, 28 and 30 April the same section supported "H" 2/9 S&D missions. The 2nd Plt. was in support of the 3d Bn, 9th Marines. The platoon started the reporting period with one section at Battalion Maintenance and the other section at the platoon C. P. (BTO74657). On 2 April one section supported "K" 3/9 in operation "GOLDEN FLEECE", at KHAI TAY (2) (BTO45677). On 4 April a section again supported "K" 3/9 on the same mission. On 6 April one section supported "M" 3/9 on a blocking position between (BTO68677) and (BTO71698). On 13 April the 3/9 C. P. received VC small arms fire and one ONTOS section was immediately committed on the line and returned fire with .30 Cal. machine guns. Proximity of friendly troops precluded the use of 106mm recoilless rifles. On 14 April a section supported an "M" 3/9 sweep, with no determined results. On 19 April while supporting "M" 3/9 between (BTO63642) and (BTO92588), one VCS was captured. The patrol turned the suspect over to "M" 3/p and continued on their mission. At (BTO56654) the patrol received small arms fire. Return fire resulted in the capture of two VCS and one VC KIA. After the patrol returned to the "M" 3/9 C. P., the Company "M" Commander dispatched two fire teams with the prisoners to the 3/9 C. P., the ONTOS section acting as escort. On 21 April as troops were embarking on helicopters at the 3/9 LZ, .50 Cal. machine gun fire from the northeast and southwest of the perimeter was received. An ONTOS was sent to the scene and caliber .30 machine guns neutralized the enemy fire. There was one friendly WIA during this exchange of fire; enemy casualties were undetermined. On 27 April "M" 3/9 received enemy small arms fire from (BTO62648). An ONTOS section returned .30 Cal. machine gun and 106mm HEP-T fire. The VC withdrew under fire, with no determined results. On 30 April the section with "M" 3/9 supported a S&D operation in GS (BTO662) and (BTO661). No contact was reported. The 3d Plt. continued in direct support of the 9th Marine Regiment, being used to reinforce the 1st and 2nd platoons, Company "C" and the 3d platoon, Company "B". One section was in support of 3/3 on hill 55 (AT971620), and one

section remained at the platoon C. P. (AT990678). On 1 April one section supported "G" 3/3 at HA DONG bridge (AT990642) with no VC contact. On 7 and 8 April a section provided road security at the 2/9 C. P. On 9 and 10 April the section was placed on standby alert at the 2/9 C. P., then established a blocking force at (BFO33646), with no enemy contact. One section remained with the 2/9 C. P. as part of the reaction force until 19 April. One ONTOS from the section on hill 55 (AT971620) fired at Viet Cong troops located at CHAU SON (1) (AT944 613). The VC who had been firing at a "L" 3/3 patrol broke contact. Later a group of villagers approached the perimeter of hill 55, requesting a casket to bury one man (believed to be a VC KIA). On 21 April the 3d platoon was assigned a new mission of direct support of the 3d Bn, 3d Marines. (The 3d platoon, Company "B", formerly in direct support of 3/3, reverted to OPCON of Co "B", 3d AT Bn). One ONTOS was placed on hill 55, one section on hill 22 (AT954667) and the other section at AN TRACH (1) (AT969664). On 25 April the latter section supported a sweep of (AT969649) with no contact. 3d Plt. Company "B" continued in direct support of the 3d Bn, 3d Marines. The reporting period commenced with one section with "M" 3/3, one section with "K" 3/3 and one section on hill 55. The section with "K" 3/3 supported an extended operation of this company until 3 April. On 3 April one section provided convoy escort from the 1/9 area to hill 22. On 15 April "H" 2/4 relieved "K" 3/3 on hill 22 and the ONTOS section now supported "H" 2/4. On 19 April the section with "M" 3/3 at AN TRACH (1) supported a sweep conducted by "L" 3/3 with no enemy contact. On 23 April the platoon was relieved of its direct support mission of 3/3. The platoon moved to HUE-PHU BAI as part of a "Rough Rider" convoy, and upon arrival came under OPCON of Company "B", 3d AT Bn.

(3) HUE-PHU BAI Enclave

(a) Company "B" (-) (Rein) continued in direct support of the 4th Marine Regiment. The 2nd Plt. Company "A", 1st AF Bn was in direct support of the 2d Bn, 1st Marines. On 5 April one section had the mission of reinforcing a road block at (YD875148). They returned the following day, with no enemy contact. On 10 April the platoon participated in a company firing exercise at DONG DA Training center. The platoon's primary mission during the remainder of the month was that of manning three defensive positions within the 2/1 TAOR. The only other special mission during the month was the support of a reconnaissance patrol to (YD825245). The 3d Plt. Company "A", 3rd AF Bn commenced the month in direct support of the 3d Bn, 4th Marines. On 15 April, the platoon was placed in direct support of the 1st Bn, 4th Marines. On 16 and 17 April the platoon was given the mission of providing convoy escort for the battalion during the displacement of the Command Post to (YD522 300). During the early morning hours of 18, 19 and 20 April the battalion

received enemy 60mm, 81mm and 82mm mortar fire within the perimeter. During the 20 April mortar attack the ONTOS commanders of one section observed muzzle flashes emanating from suspected VC mortar positions (YD524290). The ONTOS Section directed 19 rounds of 106mm recoilless rifle fire at the position. A morning patrol reported negative results. On 20 April one section supported an infantry patrol on an unnamed village at (YD474276) with no contact. On 21 April one ONTOS provided security for Engineers on a mine sweep. On 22 April one section provided direct support for "A" 1/4, setting up a blocking position at (YD4827). On 30 April one section was placed in direct support of "A" 1/4, with the mission of reinforcing a blocking force at (YD521288). Enemy troops were sighted at DON O O (YD5226). Eight rounds of 106mm recoilless rifle and twenty .50 cal. spotting rounds were directed at the Viet Cong, with unknown results. The 3d Platoon, Co "B", 3d AT Bn. The platoon was joined from Company "C", 3d AT Bn on 24 April, having departed from the DANANG Enclave with a mission of security for a "Rough Rider" convoy. The platoon arrived at the Company "B", 3d AT Bn C.P. (YD694143) with no contact. The platoon was placed in direct support of the 4th Marine Regiment and assumed defensive positions within the 4th Marines TAOR.

f. Communications and Electronics. In addition to the normal Command Post communication functions the following events took place during the month. During the period 10-23 April, the wire section wired the Battalion's new mess hall for electricity. On 19 April three Seismic Intrusion Detectors were relocated around the permanent patrol base at YEN BAC hamlet (AT985701) in an attempt to attain increased security for the patrol base. During the period 21-23 April, the Battalion Communications Officer and Communications Chief visited Company "B" at HUE-PHU BAI to deliver AN/PRC-25/GRC-125 components and to acquaint the communication personnel and officers with the radio equipment. On 23 April, a radio-jeep was sent to Hill 327 to monitor "Rough Rider" convoy radio communications. During the period 26-28 April, the wire section replaced several power line poles with sturdier poles constructed out of bomb racks. On 29 April technicians prepared two AN/PRC-25 radios with LTI and condition codes for turn in to FSA.

g. Logistics. The problem caused by lack of track section for ONTOS was somewhat alleviated by the receipt of 192 sections. There remain 446 sections of track on valid requisition, of which 126 sections are on "RED BALL". The Criti-Pak list for this Battalion was modified and submitted to Division Supply Officer during April.

(a) Ordnance Maintenance. A total of 13 ONTOS were deadlined during the month and 17 were returned to service. Quarterly Maintenance services were performed on 11 ONTOS. Seven contact teams were dis-

patched to provide services for units of this command. There were 15 work orders accepted and 15 were completed. Two men completed a one week course for generator operators conducted by 3d Engineer Battalion. One ONTOS was damaged due to hostile action and evacuated to FLSG.

(b) Motor Transport. During the month 49 work orders were received and 40 were completed. Eleven Quarterly services and one annual service were performed. A total of 1055 vehicle dispatches were made covering 12,346 miles. A contact team from FMFPAC made a courtesy inspection of the Motor Transport operations and recommended corrective measures in certain areas. One M-49 tanker truck was damaged when involved in an accident on 24 April. An investigation is being conducted.

(c) Supply. In April, one M422 truck was received from FLSG. One M50A1 ONTOS and two caliber .30 machine guns were coded "X" and one M422A1 truck was coded "R-4". Requisitions were submitted as follows: 11 priority two, 52 priority five, and 359 priority twelve and seventeen for a total of 422 requisitions. Requisitions filled during the month were: 5 priority two, 24 priority five, and 161 priorities twelve and seventeen for a total of 190. Two M422A1 trucks were invoiced to 1st Antitank Battalion.

h. Civic Action. During this month the Battalion Civic Action Team improved and created new projects while expanding the civic action program beyond the limits of YEN BAC hamlet. (AT985701). The medical team of the Battalion continued to operate the aid station in the hamlet daily, except Sunday, from 0800 to 1600, treating 217 adults, and 171 children. In addition, 3 dental treatments were administered. As in previous months over half of the treatments fell into the "Upper Respiratory Infection" and "Disease of the Skin" category. During this month 134,274 Plasters were contributed to the Vietnamese economy for laundry services and ice. The hamlet of YEN BAC received approximately 6,260 pounds of garbage and liquid waste from the Battalion messhall for animal feed. During the week 1 through 9 April Marines and Vietnamese continued working together on civic action projects such as a modern pig pen, reconstruction of an old well, and laying the foundation for a school house. A substantial amount of lumber was contributed to the hamlet for the pig pen and school house, and tin for the lining of the well. A photographic identification project was started by the Civic Action Team by taking pictures of family groups in the hamlet in connection with the census program. During the week 10 through 16 April activity commenced with the Commanding Officer and Executive Officer of the Battalion attending a presentation of an expensive medical instrument from the people of the USA to the TUY TAN Hospital. The Battalion Civic Action Officer held a conference with the people of the hamlet to discuss a school project which they had approved.

Vietnamese and Marines together built a small school room in the hamlet and the first day of school found 20 children in attendance. Lessons in English were given by Marines through the Battalion interpreters. In the middle of the week the children of the hamlet began to stay away from the school. The aid station, merchant stores and barber shop closed down. This lasted but a few days and at the end of the week attendance at school increased, treatments at the aid station returned to normal and the stores and barbe shop began operations as usual. The unrest among the villagers can be contributed to two factors. First, the political unrest in the City of DANANG choked off supplies for the hamlet stores; secondly, a suicide squad entered neighboring hamlets and threatened the people. The new school project had probably startled the Viet Cong as it was contrary to their doctrine. At the end of the week the Battalion established a permanent patrol base next to the aid station in the shopping center of YEN BAC. The base effectively denied access to a main trail between hamlets during curfew hours. Previously this route permitted movement unrestricted by GVN check points. During the week 17 through 23 April school attendance increased to 36 children a day, and plans were discussed to enlarge the now overcrowded school room. Many children from neighboring hamlets were also attending the classes. Hamlet routine returned to normal, and the aid station, barber shop and merchant stores had their usual business. During the week 24 through 30 April the school attendance skyrocketed to 43 children. Down came the walls of the small school house and work was begun by Marines and Vietnamese in construction of a bigger school. The increase in attendance can be attributed to several things, one being that the 40 Piaster fee to attend private schools is beyond the economic means of peasant farmers. Another factor is that when the schools in the neighboring hamlets are open the children of YEN BAC are needed in the fields to herd the cows. We have scheduled school hours in the hamlet from 1200 to 1400 during the noon heat, when children are resting from labor in the fields. The pig pen was completed and there are plans to buy American-Vietnamese cross-bred pigs and have them crossed with the hamlet swine. There is hope that this will improve the quality of pig breed. The Hamlet Agricultural advisors from USAID have said it looks like a sound program with great prospects. In the middle of the week the Battalion Civic Action Officer took the officers and non-commissioned officers of the Battalion on a tour through the hamlet to meet the people and get a better understanding of their customs and way of life. It was found in the past that patrols were misinterpreting customs of the people, mistaking them for Viet Cong inspired. This week school children were given soap, CARE school kits and an extra treat of a hot meal. The elders of the hamlet were not neglected. They received CARE sewing kits which they rapidly put to use in repairing and making outer garments of clothing. The success of the Civic Action Program in the hamlet of YEN BAC seems to be spreading. The hamlet chief of CAM HOA

MessSgt complained about some civilians routing through the garbage camp at the messhall. I called bunker#6 and asked the sentry who gave them permission to come through the gate. He said he didn't stop them because the messmen let them go through the trash and carry off stuff what they wanted. I informed the sentry to escort the civilians back out the gate and to let no one enter the gate without specific authority of the CO or OOD or CivAff/Off. Received a call from bunker#7 to the effect that they had apprehended a civilian who claimed to be a doctor in the possession of medical supplies and medicine. He did not have written permission to purchase these supplies. Instructed the sentry to bring him to the gate and notify S-2 to pick him up at the gate and bring him to HOA YANG District Hq for interrogating.	Adj

E. Problem Area

New tactical wire should be constructed forward of old wire and a mine field should be layed in between the two barriers. This would strengthen the Bn perimeter defense considerably.

Bunkers need to be remodled and strengthen. Bunker #6 under present construction.

A practice alert should be set up monthly to prepare individual Marines to move quick ly and orderly to assigned areas if the Command Post should come under attack.

4. Note-worthy achievements

a. A total of 7 awards and 9 promotions were given out at the Company formation. This is good for morale plus giving the man greater pride in his achievement.

1. Operations

a. The company remains in direct support of the 4th Marine Regiment. The Second Platoon continues to man three defensive positions around the MLR in support of the 2nd Battalion 1st Marines. The 3d Platoon departed the company area at 161500H to support the 1st Battalion 4th Marines. The platoon provided convoy security and halted at (YD633251) for the night. At 170630 the convoy departed and moved to (YD52230) which was designated as the Battalion C.P. area. During the morning hours of 18th, 19th and 20th the Battalion area received 60mm, 81mm and 82mm mortar fire. The platoon received no casualties and no damage was incurred by the M-50A1. During the mortar attack on the 20th the O.C. of B-31 and B-34 observed the muzzle flash of the mortars. They directed 19 rounds of 106mm at the position(YD524290). A morning patrol investigated with negative results. At 0730 vehicles B-31 and B-35 supported an infantry patrol of a village at (YD474276). No contact was made with the V.C.

a. There were no major changes in the disposition of the platoons; 1st platoon with 2/9; 2nd platoon with 3/9; 4th platoon with 3/3; and 3rd platoon augmenting the other three platoons.

b. SUMMARY OF PLATOON ACTIONS

(1) 1st platoon. The platoon started the reporting period with 1-1 at the platoon CP; 1-2 and 1-4 with Company F (015633) and 1-3 and 1-5 on a sweep with platoon from Company G in the area of Quang Dong (3)(993617). At about 0100 on the morning of the 11th this perimeter was hit with heavy small arms and automatic weapons fire. The enemy also employed hand illumination which set a cane field afire, thereby silouetting vehicle 1-5 which received a direct hit (weapon or caliber unknown) causing a secondary explosion by detonating the 106mm HEP-T round in the number one gun. There were two WIA'S, one of which has since returned to duty. Neither vehicle had returned fire and the enemy broke contact at about 0200 and the vehicles returned to Company G CP. On the 12th 1-5 was turned in to FLSG. On the 13th 1-4 was withdrawn to Company CP due to mechanical trouble. On the 14th a replacement vehicle designated 1-5 arrived at the platoon CP. The same day 1-1 and 1-2 accompanied a platoon from Company F to the vicinity of Phong Luc(3) and came under sniper fire vicinity 020626. The vehicles returned fire with 500 rounds of caliber .30 linked in support of advancing infantry and fired three(3) 106mm HEP-T rounds at a house from which it was believed the fire had emanated. The sniper fire ceased. Enemy contact was made at 014608 but the vehicles did not fire. On the 15th 1-2 and 3-3 accompanied two squads from Company F in setting up a blocking position at Thanh Quit(1)(028625). There was no contact reported and they returned to Company F CP. There was no further action until the 17th when 1-2 and 1-4 accompanied a patrol from Company F. The patrol came under fire from 025512 and observed approximately 30 to 40 armed VC moving

They also received fire from 021605. 1-2 and 1-4 returned fire with 1000 rounds of caliber .30 linked, 80 caliber .50 spotting rounds and 21 rounds of 106mm HEP-t with an estimated 15 VC KIA(possible) and the patrol returned to Company F CP. The same vehicles went out again on the 18th to the vicinity of Dong Tien(1) and received sniper fire but could not locate the source therefore did not fire. There was no further action reported. On the 20th Company E replaced G and the disposition is now as follows: 1-1 and 1-5 with Company E; 1-2 and 1-4 with Company F; and 1-3 at platoon CP.

(2) 2nd platoon. There was no action for this platoon until the 13th when the Battalion CP(3/9) received small arms fire from the east side of the perimeter. 2-2 and 2-3 were placed on line and returned fire with caliber .30 machine guns only as proximity of friendly troops precluded the use of major caliber. There were no casualties reported for either side. On the 14th 2-1 and 2-3 accompanied Company M platoon sweep. There was no contact reported. There was no further action until the 19th when 2-2 and 2-3 accompanied a Company M patrol between coordinates 063642-092588. One VCS was observed at 081613 and 2-2 fired 5 rounds of caliber .30 linked in his direction and apprehended him. The patrol returned to the Company CP with the suspect and went out again, this time moving northwest toward 038666. The patrol came under fire at 056654 which action resulted in the capture of two (2) VCS(one of which was wounded) and(1) VC KIA. The patrol returned to the Company CP and 2-2 and 2-3 escorted two fire teams with the two VCS to 3/9 CP. Vehicle 3-1 was returned to the 3rd platoon on the 19th. There was no further action reported.

(3) 3rd platoon. The platoon started the reporting period with 3-1 with the 2nd platoon, 3-2 and 2-3 at 1st platoon CP and 3-4 and 3-5 under 4th platoon and located on Hill 55 with 3/3. There was no action for the platoon. 3-2 and 3-3 remained at 2/9 CP as a reaction section until the 19th when 3-3 was sent to An Trach(1) to replace a 4th platoon vehicle and was replaced on the reaction section by 3-1 (withdrawn from 2nd platoon). Vehicle 3-5(attached to 4th platoon) had a fire mission on the 11th from its position on Hill 55 when a Company L patrol received automatic weapons fire from Chau Son(1)(9461). The vehicle fired six (6) 106mm HEP-T rounds and the fire ceased. Later a group of villagers approached the perimeter of Hill 55 requesting a casket to bury one man (1VC KWA?). There was no other action reported for this platoon.

(4) 4th platoon. The platoon started the reporting period with 3-4 and 3-5 on Hill 55(Reported in l.b.(3)above), 4-1 and 4-3 with Company M at An Trach(1) and 4-2 and 4-4 on Hill 22 with Company K 3/3(H-2/4 took responsibility for the hill on the 15th). There was no further action until the 19th when 4-1 and 4-3 went out with

1. OPERATIONS

a. There were no major changes in the disposition of the 1st or 2nd platoons, but the 3rd platoon which had been used to augment the others has now been shifted to direct support of 3/3 replacing the 4th platoon which reverted to parent unit (Company "B" 3dATBn) on 21 April.

b. SUMMARY OF PLATOON ACTIONS

(1) 1st platoon. The platoon started the reporting period with 1-1 and 1-5 with Company E, 1-2 and 1-4 with Company F, and 1-3 at the platoon CP. 1-3 was sent to An Trach(1) for the day as a temporary fill in as the 4th platoon was being withdrawn, and Company H replaced Company F. There was no further change and no action until the 25th when 1-2 and 1-4 accompanied Company H on a patrol. The point received small arms fire from approximately 9 VC from vicinity 033621 and the Ontos fired 125 rounds of caliber .30 linked and five(5) rounds of 106mm HEP-T. When the area was searched they found expended cartridges casings (U.S. Rifle, Caliber .30 M-1) and blood trails but no casualties. On the 27th and 28th 1-2 and 1-4 went out with Company H but no contact was reported. They went out again on the 30th and were still out at the end of the reporting period with no contact reported at that time.

(2) 2nd platoon. This platoon commenced the reporting period with 2-2 and 2-3 at the platoon CP, 2-4 and 2-5 with Company M, and 2-1 at Battalion Maintenance. On the 21st, while embarking troops at the 3/9 LZ, six helicopters received .50 caliber machine gun fire from both the northeast and northwest sides of the perimeter. Upon hearing
