Subj: After Action Report

1. At 1715 on 15 December 1966 a convoy from this Company was proceeding north on Liberty Road at coordinates 968598. The convoy composition was C-34 (1) M422, (1) M-37, followed by C-3-2. The convoy stretched about 200 meters. At 1715 an explosion was noted about 300 meters to the right of the convoy followed closely by an explosion on the left bank of C-34's guns. Less than 30 seconds later C-32 in the rear, heard an explosion on their left flank lifting their vehicle slightly. In all there were an estimated 4-5 explosions during a two minute time frame. (Later confirmed to be RPG-2 rockets by fire ~~fire~~ assembly found the next day near where 3-2 has situated). After the initial fire by the AT rockets, the whole left flank erupted in small arms and automatic fire pinning the convoy down. C-32, with the left gun bank knocked out of action and three WIA, proceeded up to hill 55 to receive medical aid for the wounded. At about the same time as the small arms and automatic fire started C-32 returned fire with 30 cal and six 106's. The lead vehicle which was now the M422 spotted 7 or 8 irregular dressed V.C. with weapons. The M422 occupants returned fire and the V.C. started disengaging, moving west. At approximately the same time C-32 saw an estimated 25-30 V.C. dressed in brown uniforms with camouflage helmets and weapons start to disengage. By this time 2 tanks moved down the road to C-32's position and began firing. C-32 continued to pursue by fire until its ammunition was exhausted. It had, by this time, expended 18 106's and 2,250 30 cal. The initial action was over by 1730. The artillery began firing and the 1/26 reaction force by this time began to arrive. The PC and "mite" continued up to hill 55 and at this time C-31 and C-34 (with a new crew) were back down on the road, providing a blocking force for the 1/26 sweep. They remained until 1845 at which time they returned to "G" Co C.P. Later reports from "C" Co, 1/26 reported seeing V.C. carrying off bodies and seeing (1) 106 round blowing 2 V.C. through the air. The S-3 of 1/26 gave the Ontos 3 confirmed kills and 6 probable.
