PART II - NARRATIVE SUMMARY

PERSONNEL AND ADMINISTRATION

The Battalion's personnel strength exceeded the manning level during the month; however, the number of officers on board in relation to authorized strength declined by one, further reducing the effectiveness of the Battalion. Present officer strength is 30 and anticipated minimum officer attrition by the end of April is 12. Without replacements these losses will result in an officer strength of 18 in relation to an authorized manning level of 36, seriously impairing the Battalion's combat capability. Enlisted losses during January were 34, due primarily to the transfer of 20 tank crewmen to the 12th Marine Regiment and the departure of BLT 1/3 on 31 January 1967, with a tank platoon attached. Anticipated enlisted losses during the coming month should not adversely effect the Battalion as enlisted strength will remain in readiness category C-1.

An administrative inspection was conducted on 16 January 1967 by a member of the Third Marine Division Staff. The inspection was considered to be beneficial in many respects, but due to lack of time on the part of the inspector, it was incomplete and limited primarily to H&S Company. The results were considered satisfactory; however, the Battalion remains in the midst of a heavy administrative workload and a backlog of administrative discrepancies are still in the process of correction.

The overseas tour of duty extension program with special 30-day leave continued to produce excellent results. During January, 17 additional requests were processed bringing the total number of extensions under this program to 54. The total number of extension requests under all programs now stands at 184 resulting in 556 man-months gained through extensions.

There were two cases of disciplinary action during the month. One involved punishment under Article 15 of the UCMJ, and one was referred to trial by Special Court-Martial.

Morale continued to be excellent with R&R trips being an important factor. Sunday afternoon "smokers", field days, and athletic events increase in attraction each week. Visitors from neighboring units for the Battalion's Sunday afternoon recreation projects are increasing. A special Cinemascope motion picture screen has been constructed.

The Battalion suffered 13 casualties during January; nine were WIA and four were KIA. One man died of natural causes, not the result of enemy action, and one man suffered minor injuries, not the result of enemy action.

INTELLIGENCE

Weather: January 1967 began with steady rain that tapered off at midmonth. The last two weeks of the month were comparatively dry. There was 10.84 inches of rainfall recorded in Danang.

Intelligence Narrative:

On Operation "Prairie" in Quang Tri Province (Companies "A" and "C"), there were six VC/NVA initiated incidents; three mortar attacks and three small arms exchanges of fire.

In the Danang TROR (Company "B"), there were 11 VC initiated incidents; five antitank minings and six small arms exchanges of fire.

Within the Southern Sector, 1st Marine Division Rear Area, (HQ - CmdGrp and H&S Co) there were 14 VC initiated incidents; seven small arms exchanges of fire, five grenading incidents. One ChiCom grenade rigged as a mine was found on a trail just south of the Battalion CP. One AT mine was found on a road at (AT 981725). Fourteen VN civilians were detained as suspects and turned over to III MAF for interrogation.

At 300010H, a 1st AmTrac Bn ambush observed three armed VC approach their position at (AT 995713); a firefight ensued. Marines expended 100 rounds of small arms and five grenades. The VC returned fire estimated at 50 rounds of small arms and three grenades resulting in two USMC WIA (Non-Evac). A search of the area produced one VC KIA and evidence of at least one VC WIA. Weapons captured consisted of one ChiCom 7.62mm automatic pistol, one French 9mm submachine gun, one compass, and one magazine. Identification of the VC KIA was made at Hoa Vang District Headquarters as Ngo Phu, male, age 45. He is carried on our "Black List" as a VC Battalion Commander. Hoa Vang stated he was the VC District Chief of the Hoa Vang area. (3d Tank Bn INTSUM #29). The following morning the Hoa Tho Village Chief reported that a woman in Yen Bac (AT 985703) was overheard saying she had talked to two men with a stretcher and identified the man being carried as Ong-Van-Truong, a known VC platoon leader in this area. The woman stated that he was wounded in the shoulder and abdominal area. A 3d Tank Battalion patrol was sent to search the area. Search proved negative. (3d Tank Bn INTSUM #30 & 31).

OPERATIONS AND TRAINING

During the month of January 1967, the Third Tank Battalion remained in support of the First and Third Marine Divisions. In the Da Nang TAOR, the Battalion Headquarters, Headquarters and Service Company (-), and Company "B" (Rein), were under the operational control of the Commanding General, First Marine Division. In the Dong Ha TAOR, Company "A" (Rein), Company "C" (Rein), and the Forward Operating Group (Det., H&S Company) were under the operational control of the Commanding General, Third Marine Division. The Forward Operating Group continued to provide logistical and maintenance support for "A" and "C" Companies. Administrative control for the entire Battalion remained with the Third Marine Division.

On 6 January 1967, the First Platoon of Company "B" was transferred to BLT 3/9 for rotation to Okinawa. On 7 January 1967, the tank platoon attached to BLT 2/4 was joined and assigned to Company "B" in Da Nang.

Tank combat operations improved somewhat during the month of January. Cross-country mobility, especially in low areas, was still hampered by wet rice paddies and continued high water levels in the streams. Tanks continued to be utilized in a defensive posture and for direct fire H&I's both day and night.

The following support assignments were effective during the month:

Company "A" - D/S Third Marine Regiment (Dong Ha)

Company "B" - D/S Ninth Marine Regiment (Da Nang)

Company "C" - D/S Fourth Marine Regiment (Dong Ha)

Tank combat operations for the month accounted for 11 VC/NVA KIA (confirmed), six VC/NVA KIA (probable), and two boats destroyed. Ammunition expenditure for the month was: 953 90mm rounds; 7,400 caliber .30 rounds; and 300 caliber .50 rounds.

During January, the Commanding Officer, Third Tank Battalion continued to serve as the Commander, Southern Sector, First Marine Division Rear Area Defense, with the mission of coordinating and directing as required the active defensive measures for the tenant units of the Southern Sector. During the month, a number of provisional squad and platoon sized reaction forces were committed within the sector either in response to VC initiated incidents or intelligence gained from local officials and ARVN sources. Third Tank Battalion operations in the Southern Sector resulted in 11 VCS/detainees. Operations in this area have had the effect of disrupting the local VC infrastructure and keeping the operating elements off balance.

Training was emphasized in three areas: (1), troop orientation

for newly joined personnel, including instruction in combat skills necessary for combat patrolling; (2), technical training within each MOS, including a tank gunnery program; and (3), instruction in general military subjects with special attention to RVN oriented subjects.

Formal school training consisted of two enlisted attending Non-commissioned Officer Leadership School in Okinawa.

Operations and intelligence briefings were conducted for officers and SNCO's within the Battalion CP three times weekly.

On 6 January 1967, Third Tank Battalion was visited by the Commandant of the Marine Corps, General Wallace M. Greene, Jr.; Commanding General, III Marine Amphibious Force, Lieutenant General Lewis W. Walt; Commanding General, First Marine Division, Major General H. Nickerson, Jr.; Military Secretary to the CMC, Brigadier General Foster C. Lahue; and Sergeant Major of the Marine Corps, Sergeant Major Herbert J. Sweet. A briefing was conducted concerning tank combat operations, intelligence, logistics, and Civil Affairs activities of this Battalion.

On 8 January 1967, General Greene, accompanied by Major General Nickerson and Brigadier General Lahue, visited the Third Tank Battalion sponsored "Elders' Festival" for the elders of Phong Bac Hamlet.

On 16 January 1967, Third Tank Battalion was visited by Major General Wood B. Kyle, Commanding General, Third Marine Division. He presented combat decorations to members of Third Tank Battalion and First Amphibious Tractor Battalion in a joint ceremony. Colonel James R. Rhoades, Deputy Chief of Staff, Third Marine Division, and an inspection party accompanied Major General Kyle and conducted a Material Maintenance Management inspection.

On 17 January 1967, Third Tank Battalion was visited by Major General Arthur L. West, U.S. Army, and Lieutenant Colonel George E. Patton, Jr., U.S. Army. An operations and logistics briefing was conducted concerning Marine Corps tank employment in the Republic of Vietnam.

S-4 LOGISTICS

During the month of January the Battalion Supply Section was inspected by the FSAG team. Minor discrepancies uncovered during this inspection are being remedied. The overall supply picture within the Battalion has improved considerably as the result of the trained supply personnel and the establishment of the 24-hour, two-shift work force. Unit distribution effected by FLC is proving highly satisfactory.

The Battalion received one decontaminating apparatus during the month on a special allowance to be used for washing vehicles. This unit arrived without first and second echelon maintenance manuals, but action has been initiated to procure them. The M416A1 trailers which were erroneously drawn from FLSG-A as the result of CG, 3d MarDiv msg 220751Z OCT 66, have been returned to FLSG-A.

This unit is still short two major items of T/E equipment, one VTR M51, and one Truck Wrecker M62. These shortages are hampering the effectiveness of the Tracked Vehicle and Motor Transport Maintenance Sections.

Three M48A3 gun tanks and one M67A2 flame tank suffered mine damage during the month. No undue delay was encountered in repair of the gun tanks; however, the flame tank has a warped hull and is being turned in to FLSG-A for evacuation to a fifth echelon maintenance facility.

This unit continued to furnish one M38A1 truck with driver to the First Marine Division on a semi-permanent basis. During the month the Battalion motor transport section logged 31,839 miles.

There were five medical evacuations during the month of January. Services (bakery, ice plant, laundry) provided to this Battalion by FLSG-A continued to be satisfactory.

COMMUNICATIONS

A total of 1,639 messages were handled by the Communications Center, an increase of 332 messages over the previous month. This increase was due partially to the teletype circuit which was in operation with the First Marine Division for the full month of January. On 26 January, the TT-4, which had been on the Third Tank Battalion end of the circuit was removed and a receiver unit of a TT-19 was installed in its place. Power for the Communications Center was furnished from camp power from 0400 until 0100, with Third Anti-Tank Battalion supplying power for the other three hours.

The Battalion CP telephone lines were relaid on the 2nd of January. The line to Hoa Cam Training Center was made a trunk line on the 19th of January and Hoa Cam assumed the responsibility of troubleshooting within their CP. The wire line to the First Marine Regiment was cut repeatedly during the month by VC and was the biggest problem for the Wire Section.

All traffic between the Battalion Headquarters and Company "B" was sent by a radio circuit covered with a KY-8 which was instituted on 22 January. All radio operators were instructed on the KY-8 equipment at a school held by the battalion. Two AN/GRC-125 radios were placed in operation at Company "B".

The battalion continued operating two second echelon Communications-Electronics repair shops, one at the Battalion CP, and one with the Forward Operating Group at Dong Ha. The Communication Platoon was 12 men over T/O, but was still short a Communications Chief.

CIVIL AFFAIRS

Security efforts of Nguyen Duc Thu, the Hoa Tho Village Chief, considerably improved during the month of January. Commanding a group of 40 Popular Forces men, Thu has managed to gain substantial support from the people of Phong Bac Hamlet. His ability as an administrator, as well as his capability as a tactical leader, are superior when compared to other Vietnamese of his position. Consequently, he has contributed to the overall improvement of pacification in Phong Bac. In addition, his efforts against the Viet Cong have increased and proven to be quite effective. During the month, for example, he aggressively apprehended a number of VCS, wounded one VC, and killed another insurgent. Besides being actively engaged in direct contact with the enemy, Thu and his intelligence men have on numerous occasions provided the Third Tank Battalion with intelligence information.

In conjunction with the Village Chief's potency against the Viet Cong, the Third Tank Battalion's Civic Action Team exploited his accomplishments by amplifying the Psyops program in Phong Bac Hamlet. Over 5,000 psyops leaflets of various themes were distributed throughout the hamlet. Additionally, two more psyops bulletin boards were erected, bringing the total to four presently in use.

In the middle of the month the Civic Action Team was informed, through several sources in the hamlet, that the local Viet Cong infrastructure had established rewards of 5,000 piasters for each member of Third Tank Battalion's Civic Action Team, "dead or alive". By the end of the month, a figure of 100,000 piasters was placed upon the MCQIC of Civil Affairs for his capture. The establishment of such rewards indicates the Civic Action effort in Phong Bac Hamlet is directly hampering Viet Cong political and military activities in this area.

The month of January saw an increase of visitors who were interested particularly in the Civic Action ideology of Capitalism, which we have presented to the people. General Wallace M. Greene, Jr.; Lt. General Lewis W. Walt; and Major General H. Nickerson, Jr. visited the Third Tank Battalion and were briefed on the conduct of Civic Action in Phong Bac Hamlet. In addition, the Third Tank Battalion hosted a number of newsmen whose attention concerned Civic Action. Representatives from CBS followed members of the Civic Action Team on a "profitable" fishing trip on the Cau Do River, filming a half-hour television tape for release in the United States.

On 8 January 1967, Third Tank Battalion's Civil Affairs Section held an Elders' Festival in Phong Bac Hamlet. The Festival was officially opened by Lieutenant Colonel William R. Corson, Commanding Officer of Third Tank Battalion, and Major Hau, Hoa Vang District Chief. During the occasion, General Wallace M. Greene, Jr., Commandant of the Marine Corps; and General H. Nickerson, Jr., Commanding General of the First Marine Division, visited the site. After the

entertainment, which was provided by a Vietnamese drama team, an afternoon meal was served. Before leaving, each elder was presented a gift. The people expressed thanks for the occasion and appeared to have enjoyed themselves.

Third Tank Battalion's Civic Action Team met with Mr. William Cook, the Quang Nam Province USAID representative, on 20 January 1967, and discussed the various projects operating in Phong Bac Hamlet. Mr. Cook introduced the Team to the Province Fisheries Chief who outlined procedures for procuring fish nets for the hamlet fishermen.

Fishing again this month was hindered by the monsoon rains. High water and swift currents made it impracticable to obtain a profitable catch. However, the few exceptional days which allowed fishing produced a total of 3,745 piasters in profits. It is anticipated that the monthly profit figures will increase with the termination of the monsoon season. Overall total of fishing proceeds is 8,440 piasters. This figure was posted on a Community Fund board which was erected in the Phong Bac Market Place during the month.

Construction of tables and benches for Phong Bac School continued through the month. Presently, there are ten sets completed. Payment for these furnishings was accomplished by taking up a collection from the residents of Phong Bac which totaled 4,000 piasters. The schoolroom, although completed, is being used as a combination Village/Hamlet Office and quarters for the local Popular Force unit. Until a Village/Hamlet Office can be built, the administrative staff and tactical force will use the room as their operation center.

On 25 January 1967, a fire in the Hoa Cam Training Camp, Dependents' Housing Area, destroyed one building which housed seven families. The officers and men of the Third Tank Battalion took a collection for the stricken families. A total of 22,000 piasters were contributed, and in the presence of Major Bong, Hoa Cam's Commanding Officer, Lieutenant Colonel Corson distributed the money to the seven families. The people were grateful for the aid. Major Bong stated that the gift was especially significant because of the coming Tet holiday.

Late in the month, two pig projects were started. One is operated by five independent farmers, while the other project is designed to function on a centralized basis. The latter operation will be capable of holding 100 breeding size pigs. It will be managed by two farmers who will be paid out of the Community Fund. Construction of the individual pig breeding farms began and two were nearly completed, lacking only concrete decks and gates. Both projects will enhance the Civic Action effort in Phong Bac Hamlet. Additionally, the combined projects will contribute to the growing economic viability of the hamlet.

MEDICAL AND DENTAL

During this reporting period a total of 389 treatments were given by all medical units of this Battalion. Also, the units that had a supply of vaccine initiated the PPD program in accordance with Division Surgeon's Memo 16/LCR/en over 6400 dtd 26 NOV 66. A total of 934 immunizations were given by the Battalion, which included both routine and PPD immunizations.

During this same period a total of three cases of gonorrhea were reported. Two from outside RVN and one case from Danang.

MEDCAP activities continued as usual, with the exception of the "Elders' Festival" on 8 January 1967 for the Phong Bac elders and a joint MEDCAP coverage of Phu Hoa. On 25 January 1967, this Battalion, with the aid of 1st Amphibious Tractor Battalion and Hoa Cam R.F. Training Center, began providing a weekly MEDCAP Team to visit the hamlet of Phu Hoa each Wednesday. On this initial visit, the team was broken into two groups. A medical officer and other medical personnel provided care at the village headquarters, while another segment made door to door coverage. This initial visit was considered a complete success, even though no previous announcement was made to the people. Minor difficulties arose, which were noted, and provisions taken to insure that these difficulties do not reoccur.

The trainee nurses continue to provide maximum assistance at the BAS and Phong Bac. It is anticipated that on the Phu Hoa MEDCAP these trainees will also be utilized.

During this period a total of 1,358 Vietnamese patients were seen; 431 at the BAS; 806 at Phong Bac, and 121 at Phu Hoa.

3. Summary of enemy activity:

a. Received from 1st MarDiv COC: Hoa Vang S-2 reports that on 9 Jan 1967, VC's transported approximately 100 rounds of mortar ammunition (Type unknown) into Cam Ne (1) Vic (AT 983690). G-2 rates F-6. 3d Tank Bn rates F-31.

b. At 130250H, a 3d ATBn patrol at (AT 984706) found a booby trap consisting of fishing line strung knee high across a trail and attached to a Chi-Com grenade. The patrol set up an ambush around the booby trap until first light. The results were negative. The grenade was disarmed and returned to Bn CP.

c. Received from MP Co: At 130945H, a truck dislodged a buried mine on the road at (AT 981725). The mine was removed, and an Engineer Sweep Team swept the entire area with negative results.

PARAGRAPHS 4 through 12: Negative.

1. 3d Tank Battalion INTSUM #27.
2. Period Covered: 271200H to 281200H January 1967.
3. Summary of enemy activity:

a. Information received from Hieu Duc Sub-Sector reveals that a VC Company equipped with one (1) 60mm Mortar, one (1) LMG, four (4) BAR'S, and individual weapons is in the area of (AT 866760). This unit may be a sapper unit from the 89th VC Bn. 3d Tank Bn S-2 rates F-3.

PARAGRAPHS 4 through 12: None.

13. The following recap of events reported during the past few weeks are reprinted for evaluation by all tenant units within the Southern Sector:

a. On 21 Jan 1967, 2/26 elements discovered three U. S. M-21 antitank mines in the northwestern portion of the TAOR. This is the first reported instance of U. S. antitank mines being employed in this area.

b. G-2 reported the propaganda leaflets found by 3d Tank Battalion patrol members on 24 Jan 1967 were new to this area.

c. Recent radio frequency compromises reported in 9th Marines INTSUM 24 and 25.

d. Recent low level intelligence of enemy movement/activity just south and southwest of the Song Cau Do and Song Tuy Loan.

e. Reports indicating there would be an attempt by the enemy to score some type of victory prior to Tet.

f. The period just prior to Tet will be the "last moonphase" and will avail very little lunar illumination.

g. The enemy must conclude that if they attack just prior to Tet there exist a good possibility of unmolested egress from the battle area. It is anticipated that there will be a cease fire during Tet.

3d Tank Bn S-2 Conclusions:

The report of the new mines/propaganda leaflets would indicate local force units have been reinforced/resupplied with certain new equipment.

Within the Southern Sector we have storage areas that if destroyed would gain front page coverage throughout the world and a much sought after victory.

During the period just prior to Tet we should anticipate mortar and sabotage attacks within the logistical rear area.

NARRATIVE REPORT

The 3d Tank Battalion Civic Action Team distributed 500 psyops leaflets to the people of Phong Bac Hamlet. The leaflets were designed and printed by the Civil Affairs Section. Primarily, the context of the message was, "the evils of the Viet Cong in Phong Bac".

Information received through Hoa Vang District intelligence authorities stated that the local Viet Cong infrastructure in Phong Bac Hamlet has offered rewards to the amount of 5,000 piasters for the death of each individual member of the 3d Tank Battalion's Civic Action Team. A policy such as this indicates that the Civil Affairs efforts within the hamlet are hurting the communists' intentions. Increased psyops activities will be conducted in the near future in hopes of further dividing the insurgents from the populace.

The 3d Tank Battalion's Civil Affairs Officer briefed FMF's G-5 at III MAF this morning. The briefing centered around economic programs in Phong Bac Hamlet. Afterwards, the CAO discussed certain projects with members of the 29th Civil Affairs Company. It was decided that within the week a meeting would be held between Mr. Cook of USAID and the 3d Tank Battalion Civic Action Team.

NARRATIVE REPORT

The 3d Tank Battalion Civic Action Team met with the Phong Bac Hamlet Chief, Nguyen Duong. Together they visited the individual pig project participants' farms. Plans were made at each home as to the exact location where the proposed pig pens would be constructed. Actual construction will commence when building materials are procured.

Taking advantage of the visits to the dispersed farms, Civil Affairs personnel distributed 150 psyops leaflets.

NARRATIVE REPORT

The 3d Tank Battalion Civil Affairs Team met with the Hoa Tho Village Chief, Nguyen Duc Thu, and the Phong Bac Hamlet Chief, Nguyen Duong. The discussion covered the various projects, proposed or in progress, and the upcoming Elders' Festival. Both chiefs will be present at the affair and will cooperate fully.

The Village Chief also informed the Civil Affairs Team of proposed Viet Cong activity. The information included the following: a possible mortar attack, a recent meeting of local Viet Cong leaders, and a Viet Cong Raider recon river crossing.

The 3d Tank Battalion Civil Affairs Team has designed a Community Fund Progress Board (Enclosure 1a). Upon completion, the board will be placed in the Phong Bac Market Place. The purpose of the sign is to graphically inform the villagers of the amount of money currently in their community fund.

Description of Community Fund Progress Board:

The board is two feet wide and eight feet long. The board depicts a winding road from the bottom to the top. At the beginning of the road there is pictured the archway of the Phong Bac Market Place; this was the first project paid for by the community fund. At the end of the road is a Buddhist Temple, symbol of Thanksgiving, surrounded by narcissus flowers, symbol of success and prosperity. As the fund increases, a corresponding amount will be depicted on the road to success.

NARRATIVE REPORT

At approximately 0510AM January 1966, 3d Tank Battalion's Civic Action Team located at the Phong Bac School (LT 001705) received one round of small arms fire, from the vicinity of (AT 997706). Search of the area was inconclusive. This is additional evidence that the local Viet Cong infrastructure is after Civic Affairs personnel.

The Pardon's Company is presently in Phong Bac hamlet extracting soil samples. Eventually they will erect a water purification plant in the hamlet. 3d Tank Battalion's Civic Action Team aided them in obtaining proper security forces. In addition, the company will be bringing in a bulldozer to clear the area they will build on. Furthermore, this dozer will be used to widen certain trails in the hamlet, thus allowing wheeled vehicles to enter. Improving the "back roads" in this manner will provide for easier transportation and increase the ability for reaction forces to move in and secure critical sections of the hamlet.

Preparation for the Elders' Festival continues. Today the Civic Action Team passed out 1000 leaflets announcing the coming festivity.

NARRATIVE REPORT

8 Jan 1967

The 3d Tank Battalion's Civic Action held an Elders' Festival for the first time in Phong Bac Hamlet. Preparations for the event began two weeks ago. Captain Sammons from the 29th Civil Affairs Company worked closely with the civic action team. He considerably aided the team in procuring the necessary equipment and gifts.

The Festival started at approximately 2100 hours and continued until 1430 hours. General Wallace M. Greene Jr. and General Herman Nickerson arrived in the morning and visited the various activities that were operating such as, MEDCAP which treated 58 people, and Bao Chi games.

Lieutenant Colonel William R. Carson, the 3d Tank Battalion's Commanding Officer, and Major Hau, the Hoa Vong District Chief, officially opened the program. After the entertainment which was provided by a Vietnamese drama team, an afternoon meal was held.

Before leaving the site each elder was presented with a gift. The people expressed thanks for the occasion and appeared to have enjoyed themselves.

Security was provided by the 3d and 1st Tank Battalions and the Hoa Cam Training Camp (ARVN) under Major Bong.

The overall effect was gratifying.

NARRATIVE REPORT

The 3d Tank Battalion Civil Affairs Team visited the students of Phong Bac School. A short speech was delivered telling the children about civil affairs. Each student was given a school kit, five small bars of soap and one carton of powdered milk. Also distributed was a portfolio of psyops materials containing literature on the Government of Viet Nam, civil affairs and health and sanitation instructions. There were 100 students present.

The furniture for the new school room is nearly completed. Ten desks and benches were delivered to the school, four more are being readied. The carpenters of Phong Bac are doing the actual construction of the furniture.

An agreement was reached by the business representatives of Phong Bac and the 3d Tank Battalion civil affairs personnel. The business men mutually agreed to post and maintain fixed prices for their services and goods. Our civil affairs team will produce the signs and place them at the various locations; such as the vehicle wash and tire mending shop. Further, it was agreed that it would be important to cooperate to eliminate undesirable elements or unethical practices.

The daily fish project was interrupted by sniper fire. Two members of the civil affairs team were seated in a boat on the Song Cau Do when a round passed between them and hit the nearby bank. The fishing party returned to their lunch site and concluded the days fishing. A re-evaluation of the fishing project is currently being conducted. To date the fish project has contributed more than 7,000 piasters to the Phong Bac Community Fund.

NARRATIVE REPORT

The 3d Tank Battalion Civil Affairs Team discovered that three young children had died in southern Phong Bac in the past week. Another child died today, raising the total of deaths to four. There are several more sick people in Phong Bac displaying the symptoms of plague. Two sick children were taken to the Danang Medical Center by 3d Tank Battalion Civil Affairs personnel. The Phong Bac Hamlet Chief, Nguyen Duong; the Hoa Tho Village Chief, Nguyen Duc Thu; and the Hoa Vang District Chief, Major Hau, have been informed of the situation.

A hamlet meeting was held at the Phong Bac School by the Village Chief, Nguyen Duc Thu. There were approximately 80 hamlet people in attendance. The chief outlined a pacification program. Highlights of his speech included: rewards for information, punishment for withholding information, clearance of underbrush, destruction of closed bunkers, and the stipulation that no refugees would be allowed to settle in Phong Bac and anyone traveling to or from Hoa Tho Village would do so through the Village Chief. The Hamlet Chief, Nguyen Duong, assisted at the meeting.

The Community Fund Progress Board (ref: Narrative Report, 4 Jan 67) was erected at the Phong Bac Market Place. A short speech was delivered to the people explaining the board's significance. After the talk, 7000 piasters were recorded on the board.

Two more bulletin boards were placed in Phong Bac by the 3d Tank Battalion Civil Affairs Team. This raises the number of boards placed to a total of four. They were placed at key locations and are used for payops and hamlet notices; northern Phong Bac, at (AF 996722); the Four Corners, at (BT 002723); the market place, at (BT 002719), and the school yard, at (BT 001704).

NEGATIVE REPORT

The Danang Medical Center reported to the 3d Tank Battalion Civil Affairs Team on the status of the two children delivered to the center by this office. The doctor in charge, Doctor Fribble, reported that both cases were diagnosed as plague. Doctor Fribble and another doctor of the center visited Phong Bac to try determining if any of the villagers are now stricken with plague. Negative results were achieved. Our office will remain in contact with Doctor Fribble through the coming weeks.

Approximately 1000 psyops leaflets and newspapers were distributed today by 3d Tank Battalion personnel.

EXECUTIVE REPORT

The 3d Tank Battalion Civil Affairs Team hosted a 1st Marine Division I.S.O. Team, which consisted of two cameramen and one motion cameraman. The fish project was explained to I.S.O., who then proceeded to film sequences of the fish project. Pictures were taken of fishing on the river, sales of the fish, presentation of money to the Hamlet Chief, and recording of the sum on the Community Fund Progress Board.

The participants of the pig project were visited today. It was necessary to reassure the farmers that they would receive the pigs, hog sties, and advice on pig raising.

Approximately 150 payope leaflets and newspapers were distributed in Phong Bac Hamlet.

A GVN health team was present today at the Phong Bac Market Place. They set up in the usual AMCAR site and were inoculating the villagers for plague.

EXECUTIVE SUMMARY

The Third Tank Battalion Civil Affairs Officer, EUCAL, two officers of the 27th Civil Affairs Company (Captain Anderson and 1st Lieutenant Norfinge), went to Hoi An and met with Mr. W. Cook, the provincial USAID representative. A discussion was held on the various problems and projects in Vietnam. Furthermore, aid available to the Vietnamese and how to procure such aid was outlined.

While in Hoi An we visited the fishery office and met the fishery chief, Mr. Tan. There we discussed our fish project and were promised fish nets to substitute for the demolitions now used.

At the request of the Third Tank Battalion, two Senhens made a survey of the Bang Cau Do River. This was done to locate possible site for lumber mill.

NARRATIVE REPORT

The 3d Tank Battalion Civil Affairs Team met with the fishermen of Phong Bas. We discussed replacing demolitions with nets in the fish project. A plan has been developed to utilize nets as a block, then channeling the fish to large holding nets.

Two fishermen accompanied the 3d Tank Battalion Civil Affairs Team to Noi An. There we met with the province fishery chief. The plan was outlined to him and met with his approval.

The fishermen are to submit a request for the nets through GVN channels. Our Civil Affairs Office will assist in drafting the request and forwarding it to Vietnamese officials: Village Chief, District Chief, and Province Fishery Chief. The estimated time needed to obtain nets is two weeks.

Elements of Hoa Can Training Center, 1st Airforce Bn, and 3d Tank Bn, cooperated to extend MEDCAP to Phu Hoa Village (AT 950705). 3d Tank Bn coordinated the operation; a doctor, carpenter and security were provided. The people of Phu Hoa expressed their gratitude and hopes for continued MEDCAP. Tentatively, MEDCAP will be scheduled for every Wednesday at 1300.

Approximately 1200 psyops leaflets and newspapers were distributed in Phu Hoa Village and surrounding area.

NARRATIVE REPORT

27 Jan 67

On 25 January 1967, at approximately 1930, a fire in the Hoa Cam Training Camp Dependents Housing Center destroyed one building which housed seven families. The Officers and Men of the 3d Tank Battalion took up a collection for the stricken families. A total of 22,000 piasters was contributed, and in the presence of Major Bong, Hoa Cam's Commanding Officer, Lt. Colonel William R. Corson, 3d Tank Battalion's Commanding Officer, distributed the money to the seven families. The people were grateful for the aid. Major Bong stated that the gift was especially significant because of the coming TET Holiday.

Planning was started for a children's party to be held 12 February 1967, at the 3d Tank Battalion's CP. Children between the ages of 12-16 years old will be invited. During the party several events will take place such as, boxing, tug-a-war, and a greased pole climb. Medals and other gifts will be handed out to the participants. The party will start 1200 and continue through the afternoon. Food will also be served.

NARRATIVE REPORT

The 3d Tank Battalion's Civic Action Team met with the Hoa Tho Village Chief, Nguyen Duc Thu. He informed us that on 26 January 1967, at approximately 1700 hours, he and his men wounded two VC and killed another out of a group of six insurgents who were collecting taxes in Yen Bac Hamlet. Nguyen Duc Thu's abilities have been quite effectual, but it was pointed out to him that improved coordination between our unit and his in regard to recent intelligence information and patrol activities should be more efficient. Plans for such an endeavorment have been started.

Material for the pig breeding program was received today and actual construction will begin on 30 January 1967. Teams composed of PF's, villagers, and 3d Tank Battalion personnel will do the building.

NARRATIVE REPORT

The 3d Tank Battalion's Civic Action Team started work on three of the five pig breeding pens. In conjunction with the work, the team was assisted by local Popular Forces and the farmers who are participating in the program.

During the night of 29/30 January, a 1st Airborne Battalion ambush killed one VC, Ngo Phu, and probably wounded another, possibly Ong Van Truong as was indicated by a villager who said she saw him being carried away to Yen Bac Hamlet in the early morning hours. Ngo Phu was said to have been a political cadre man who operated primarily throughout Hoa The Village. Ong Van Truong is the local VC platoon commander for Phung Bac Hamlet.

Accompanied by the Hoa The Village Chief and 20 of his Popular Force personnel, the 3d Tank Battalion's Civil Affairs OIC and MOOIC swept through the hamlets of Yen Bac, Cam Hoa (1) and Cam Hoa (2) in search of Ong Van Truong. The sweep resulted in the apprehension of four male and one female suspects, none of which were Ong Van Truong. The suspects were turned over to Hoa Cam Training Camp for further questioning.

NARRATIVE REPORT

Accompanying the 3d Tank Battalion's S-3, Major E.L. Tunget, the Civic Action OIC and the Hoa Tho Village Chief traveled to Hoa Vang District Headquarters. Discussions were held with the District Chief concerning the creation of two CAC units, one of which would operate out of Phong Bac Hamlet and the other would operate out of Yen Bac Hamlet. Each unit will have 20 Popular Force personnel. Marine personnel will come from the 1st Marine Division. Major Hau, the District Chief, approved the formation of the two teams. In addition, the Chief approved and signed a request for fishing nets for Phong Bac Hamlet. On 3 February 1967, the Civic Action Team will take the request form and fishermen to Province for actual procurement of the nets.

While at Hoa Vang District Headquarters, the Civil Affairs OIC spoke with Mr. Pat Irish, USAID representative, about starting a Farmers' Cooperative in Phong Bac Hamlet. He said that he would gladly help us by bringing out a representative to speak to the people. It was mentioned that the Farmers' Meeting on 1 February 1967, would be the ideal time for the introduction. Later that afternoon, Mr. Irish informed us that he would have a representative at the meeting.

Construction of the individual pig pens continued. Two pens are now near completion. It is speculated that all five pen facilities will be finished within two weeks, therefore ready to receive the pigs.
