NARRATIVE SUMMARY

DECLASSIFIED

PART II

NARRATIVE SUMMARY

DECLASSIFIED

1. General Overview of all Activities

Third Tank Battalion, in general support of 3d Marine Division (-) (Rein), primarily supported the 3d and 4th Marine Regiments. One tank company participated in a three day search and destroy operation with 3d Battalion, 3d Marine Regiment west of C-2. Throughout the month, the companies continued supporting the infantry with armored reaction forces and providing security for fixed installations. Additionally, 90mm main gun H&I fires were provided at fixed installations in conjunction with the flame tank platoon burning heavy vegetation around defensive perimeters. During this period of operations, there was no mine damage sustained, however, three tanks were damaged by enemy RPG fires.

2. Command Relations

During the month of July, the battalion was employed as follows:

3d Tank Battalion	G/S 3d Marine Division	1-31 July
Company A (Rein)	D/S 3d Marine Regiment	1-31 July
Company B (Rein)	D/S Task Force Hotel	1-8 July
	D/S 4th Marine Regiment	9-31 July
Company C	IAW RLT 9 Op. Order 6-69	1-13 July
	IAW CG, 3d Mar Div msg	
	180352ZJUL69	14-31 July
Company A, 3d AT Bn.	IAW RLT 9 Op. Order 6-69	1-13 July
	IAW CG, 3d Mar Div msg	
	180352ZJUL69	14-31 July

3. Missions Assigned

Third Tank Battalion, in general support of 3d Marine Division (-) (Rein), provides combat support of operations against VC/NVA forces in support of infantry operations and/or by engaging and defeating enemy armor and mechanized forces.

4. Intelligence

a. Enemy Activity

(1) There was a marked decrease in enemy initiated activity in the 3d Marine Division Area of Operations during the month of July. Where the enemy has continued to conduct attacks by fire, he has also

ENCLOSURE (1)

UNCLASSIFIED

interfered these with sapper attacks when the situation appeared to be to his advantage.

(2) In the Eastern AO enemy activity remained at the same level as last month with the NVA bringing pressure to bear on the ARVN forces. Elements of the 27th Battalion, 31st Regiment and 33d Sapper Battalion continued sporadic ground attacks, minings and attacks by fire in the AO. On 14 July a PDR detonated a mine on the Qua Viet River and was sunk. This and other contacts indicate the enemy will continue his attempts to interdict this LOC. On 28 July the 33d Sapper Battalion left 21 NVA (C) on the battlefield after an unsuccessful attack on K/3/3 and A Company (-), 3d Tank Battalion.

(3) In Base Area 101 elements of the 7th Front (808th, K-10 and 814th Battalions) continue to operate. On 7 July a recon team made contact with the NVA and captured a roster of elements of the 4th Company, 814th Battalion. Also confirmed within the Base Area 101 is the K-34 Artillery Battalion.

(4) Decreased contacts with elements of the 304th Division, 308th Division and 27th Regiment operating in the Northern and Western Area of Operations, indicates that the enemy is possibly attempting to position his forces on the periphery on the AO to the North, Southeast and West, while increasing his VC type activities in the populated areas.

(5) Of significant importance is a USMI Agent report that the 4th NVA Regiment has been redesignated a "Semi-Regional Regiment." While this information is very tenuous and cannot be substantiated by any other intelligence, it is considered plausible. Such a redesignation would lend credence to frequently voiced conjecture that the 4th Regiment would remain in SVN as an alleged VC unit, in the event of a settlement involving NVA troop withdrawals.

(6) In summary, it appears that the enemy will increase his harassment tactics in order to maintain a military presence in Quang Tri Province.

b. Mining Incidents

During the month of July, following the same pattern of decreased enemy activity, mining incidents were negligible.

c. Weather

The weather conditions during the month of July throughout the 3d Marine Division Area of Operations continued to support Tank-Infantry Operations. The precipitation for July was 3.33 inches and mean monthly precipitation was .11 inches. This allowed good trafficability in areas

ENCLOSURE (1)

where, otherwise, tank traffic would be prohibited. The high temperature for the month was 101 degrees while the low was 76 degrees. The high was recorded on 9 July. The average temperature was 87.5 degrees and the average relative humidity was 78 percent.

5. Operations

a. Company A (Rein)

Company A remained in direct support of the 3d Marine Regiment throughout the month providing security for fixed installations and an armored reaction force. A Company units at C-2 and A-4 reacted to numerous contacts in the areas surrounding C-2 and A-4 while supporting 3d Battalion, 3d Marines. On 25 July, A Company (-) commenced movement to northwest of C-2 with K/3/3 to exploit heavy enemy movement sightings. On 27 July, A Company (-) and K/3/3, at grid 072658, received 40 rounds 82mm mortar fire resulting in three wounded for A Company (-). A Company (-) fired counter mortar fire at grid 074677. K/3/3 swept the area finding bunkers, 82mm mortar rounds and fighting holes with signs of recent activities. At 280400H A Company (-) and K/3/3's night defensive position at YD 088651 was attacked by an unknown size enemy element with automatic weapons and RPG fire. Three tanks took direct hits causing moderate to heavy damage. A Company (-) sustained 6 WIA(E) and 3 KIA. Follow-up sweeps of the area produced 21 NVA(C). A Company (-) returned to C-2 with K/3/3 and resumed their reaction/security mission for the remainder of the month.

b. Company B (Rein)

During the first part of the month Company B remained in D/S of Task Force Hotel with the mission of security/reaction. On 9 July, Company B was placed in D/S of the 4th Marine Regiment in a security/reaction role. Company B fired 90mm main gun H&I fires throughout the month in support of the 4th Marines.

c. Company C

During the first part of July, Company C remained at QTCB in compliance with RLT 9 Operation Order 6-69. On 13 July, Company C embarked with RLT 9.

d. Company A, 3d Anti-Tank Battalion

Company A, remained deployed with RLT 9 in compliance with RLT 9 Operation Order 6-69.

ENCLOSURE (1)

e. Quang Tri Base Defense

3d Tank Battalion continued providing active defense of it's sector (KILO) within the QTCB utilizing patrols, ambushes, OP's and IP's in addition to manning perimeter bunkers.

RPG stand-off screens were constructed around all bunkers and new blast walls were constructed in the rear of each bunker. KILO sector assumed responsibility of three additional bunkers and one tower and now have a total of seven bunkers and two towers.

The Provisional Infantry Security Squad of the battalion conducted thirteen day patrols, seven night ambushes and four IP's. The squad also provided security of the Quang Tri sand pits from 21 July to 26 July. The squad found and destroyed four enemy bunkers.

1. TOMORROW, 15 JUL 69, I WILL DEPART FROM COMMAND OF 8RD TANK BN. IN DEPARTING I WOULD LIKE TO EXPRESS MY SINCERE APPRECIATION FOR THE LOYALTY AND OUTSTANDING PERFORMANCE OF DUTY BY THE OFFICERS AND MEN OF THIS COMPANY WHO HAVE SERVED IN THE PRESENT COMBAT ENVIRONMENT. I HAVE NO DOUBT THAT THE NEW COMMANDER WILL CONTINUE TO ENJOY THE SAME EFFORT ON YOUR PART.
 2. WE HAVE MADE CONSIDERABLE PROGRESS OVER THE PAST SEVERAL MONTHS. YOUR PRIDE IN INCREASED KNOWLEDGE OF YOUR TANKS AND EQUIPMENT IS APPARENT TO ALL. YOUR APPRECIATION FOR THE VALUE AND POTENTIAL OF YOUR COMBAT EQUIPMENT ALSO IS APPARENT. THE DECREASE IN THE DEADLINE RATE IS HIGHLY SIGNIFICANT OF YOUR EFFORT AND INTEREST.
 3. ADDITIONALLY, OUR TANKS AND EQUIPMENT WOULD HAVE A SHORT LIFE SPAN EXCEPT FOR THE MANY MEN OF THIS ORGANIZATION WHO RENDER CONTINUOUS SUPPORT FROM REAR AREAS. THEIR CONTRIBUTION TO THE TOTAL EFFORT IS COMMENDABLE.
 4. IT IS WITH PRIDE THAT I HAD THE OPPORTUNITY TO COMMAND THIS FINE ORGANIZATION. WE HAVE A GOOD UNIT, BUT WE CAN HAVE A BETTER ONE. WILL DONE TO ALL HANDS! KEEP UP THE OUTSTANDING EFFORT. GOOD LUCK, GOOD SHOOTING AND GODSPEED.
