PART II - NARRATIVE SUMMARY

PERSONNEL AND ADMINISTRATION

The battalion's personnel strength remained above manning level throughout the month. Enlisted personnel strength is 646 which represents an average excess of 49 enlisted in relation to current authorized manning level of 597. The officer strength of the battalion continues to decline. Present officer strength is 31, five below manning level. Eight officers will be rotated to CONUS during April, leaving the battalion with an officer strength of 23 unless replacements are forthcoming. This shortage could seriously hamper the effectiveness of the battalion. Present planning considers the use of senior Staff NCO's in selected officer billets should this become necessary.

The special 30-day leave program continued to be a major factor influencing personnel to extend their overseas tour of duty. Four six-month extensions were requested during the month of March and one four-month extension, making a total of 193 man-months since the first of January 1967.

Morale remained high during March. The relocation of the Battalion CP to the Phu Bai area has increased the sense of commitment among the troops and has replaced the former intra-section recreation activities as a contributing morale factor. The R&R program takes on an added significance as a favorable morale factor for H&S Company.

The battalion sustained 20 casualties during March: 15 WIA, two KIA, and three non-hostile injuries.

Weather. Very little rainfall was recorded in any of the 3d Marine Division TAOR's. Hot, humid, summer-like weather prevailed throughout March.

Intelligence

On Operation "Prairie" II and III in Quang Tri Province and Operation Chinook II in Thua Thien Province (Companies "A" and "C") there were 26 incidents, 17 VC/NVA initiated: nine small arms exchanges, 11 mortar attacks, three anti-tank weapon attacks directed against tanks and three anti-tank mining incidents. Enemy losses during these engagements were 13 VC KIA (confirmed) and two VC KIA (probable).

Within the Southern Sector, 1st Marine Division Rear Area Defense (Bn Cmd Grp and H&S Co) from 1 March 1967 through 21 March 1967 there were 10 incidents, one VC initiated: seven small arms exchanges and three grenade incidents. Enemy losses during these engagements were two VC KIA (confirmed), three VC KIA (probable), and one VC WIA (confirmed). (See 3dTkBn INTSUMS # 60, 63, 78)

Within the Phu Bai TAOR (Bn Cmd Grp and H&S Co) 24 March 1967 through 31 March 1967 there were no incidents.

OPERATIONS AND TRAINING

During the month of March 1967, a number of command post displacements within the battalion were ordered to be executed and operational control changes were effected. On 24 March 1967, the Battalion Command Group and Headquarters and Service Company (-) displaced from the Danang TAOR to the Gia Le encampment area in the Phu Bai TAOR via "Rough-Rider" convoy. The Battalion Command Post closed at 241000H March 1967 in the Danang TAOR; operational control of 3d Tank Battalion (-) passed from 1st Marine Division to 3d Marine Division at 241230H March 1967 upon crossing the 1st Marine Division/3d Marine Division boundary. The Battalion Command Post opened in the Phu Bai TAOR at 241630H March 1967 in the vicinity of (YD 836153).

Company "B" (Rein), 3d Tank Battalion, was placed under the operational control of 1st Tank Battalion at 230900H March 1967 and remained in the Danang TAOR to continue tank combat operations in support of the 9th Marine Regiment.

At 290800H March 1967, operational control of the 1st Platoon and the Flame Tank Section of Company "C" passed to Company "A" in the Dong Ha TAOR, vicinity of (YD 538322). To coordinate the tank combat operations of the 2d and 3d Platoons, Company "C", in direct support of elements of the 4th Marine Regiment, the remainder of the headquarters of Company "C" (-) will displace from Dong Ha to the vicinity of the Battalion Command Post (YD 836153) as transportation becomes available.

The headquarters of Company "A" (Rein), less the Company Command Group, was ordered to displace from Camp Carroll (YD 061545) to Dong Ha (YD 235589) into the current Company "C" (-) Command Post when the remainder of Company "C" (-) displaces.

The Forward Operating Group (Det, H&S Company) was ordered to remain at Dong Ha temporarily to continue providing maintenance and logistical support for Company "A" (Rein).

Administrative control of 3d Tank Battalion remained with 3d Marine Division during the month.

The following support assignments were effective during March 1967:

Company "A" (Rein) - D/S 3d Marine Regiment (Dong Ha)

Company "B" (Rein) - D/S 9th Marine Regiment (Danang)

Company "C" (Rein) - D/S 4th Marine Regiment (Dong Ha and Phu Bai)

Tank combat operations continued on an active level during the month. Terrain has become increasingly trafficable and operations have

expanded in all TAOR's. Tank missions during the month included combined tank-infantry reconnaissance in force patrols, search and destroy sweeps, direct and indirect harassing and interdicting fires to reinforce artillery units, and augmentation of perimeter defenses of vital installations. These operations accounted for 60 VC/NVA KIA (confirmed) and 25 VC/NVA KIA (probable) through tank fire. In addition, tank fire destroyed three boats, resulting in one secondary explosion, and numerous houses and bunkers while firing in support of sweeping infantry. Ammunition expenditures for the month were 4,497 rounds 90mm, 53,000 rounds caliber .30, and 2,990 rounds caliber .50.

The following attachments/detachments and relocations of tank platoons occurred during the month.

1 March 1967: The tank platoon attached to BLT 3/9 landed at Dong Ha and was assigned to Company "A" as the 2d Platoon.

5 March 1967: The platoon from Company "A" which was assigned to BLT 2/3 departed RVN for Okinawa.

From 1 March to 21 March 1967, the Commanding Officer, 3d Tank Battalion, continued to serve as the Commander, Southern Sector, 1st Marine Division Rear Area Defense, with the mission of coordinating and directing as required the active defensive measures for the tenant units of the Southern Sector. VC small unit activity continued on an active level within the Southern Sector. Offensive activity of the tenants and the local Popular Force unit resulted in two VC KIA (confirmed), three VC KIA (probable), and one VC WIA (confirmed). Operations in the Southern Sector, including extensive patrolling and ambushing, had the effect of disrupting the local VC infrastructure and keeping the operating elements off balance.

Training was emphasized in three areas: (1) troop orientation for newly joined personnel, including combat skills necessary for small unit combat operations; (2) technical training within each MOS, including a tank gunnery training program; and (3) instruction in general military subjects with special attention toward RVN-oriented subjects.

Formal schools training consisted of one officer attending Registered Publications System Custodian course at Yokosuka, Japan from 6 March to 11 March; two enlisted attending MUMMS training on Okinawa; and one enlisted attending Embarkation School on Okinawa.

Operations and intelligence briefings were conducted for officers and staff non-commissioned officers within the Battalion CP three times weekly.

On 1 March 1967, 3d Tank Battalion CP was visited by Major Generals H. Nickerson, Jr., Commanding General, 1st Marine Division, and Paul R. Tyler, Quartermaster General of the Marine Corps; Lieutenant Colonels N.B. Mills and J.F. Schoenjry; and Major John Jacobs (all USMC). A

civil affairs briefing was conducted.

On 3 March 1967, 3d Tank Battalion CP was visited by Major General H. Nickerson, Jr., Commanding General, 1st Marine Division; Vice Admiral B.F. Roeder, Commander, First Fleet; Captain H.P. Glindeman, USN, Readiness Officer; Lieutenant Colonel B.G. Chambers, USMC, 1st Marine Division Assistant Plans Officer; Commander M.W. Rea, First Fleet Communications Officer; and Lieutenant Commander R.E. Comen, USN, Aide to Vice Admiral Roeder. A civil affairs briefing was conducted.

On 13 March 1967, 3d Tank Battalion CP was visited by Major General R. Forsythe, USA, G-3 PACCOM; and Rear Admiral W. Cousins, USN, J-5 PACCOM. A civil affairs briefing was conducted.

LOGISTICS

During the month of March, this battalion still had five major end items on requisition against authorized allowances: two trucks, wrecker, M62, five-ton; two M48A3 tanks, 90mm gun; and one M51 VTR.

There has been a delay in receiving Class II, Type II repair parts and this situation continued throughout the month.

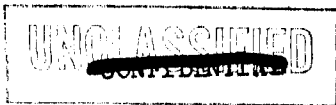

During the last week of the month the Battalion CP was displaced. While the bulk of the battalion is now located in the 3d Marine Division area of operations and is under operational control and administrative control of 3d Marine Division, Company "B" remains under operational control of 1st Marine Division. Requisitioning for this unit will be handled through the normal battalion channels; however, the supplies will be delivered under a separate RUC to the unit via FLC, which is located in the Danang area and is in reasonable geographic proximity to the company.

During the move of the Battalion CP, transport support was provided by 3d Motor Transport Battalion and was satisfactory. The move was accomplished in two sea lifts by LCU for heavy equipment and three convoy moves for the bulk of the unit cargo. The battalion's organic M54 trucks were utilized in all three convoys. The total lift requirement involved 95 M35 truck loads, 42 M54 truck loads, and 55 M105 trailer loads.

The battalion has submitted requests for bunker material for the development of the new CP; however, these requests have not been filled as of this date. Lack of construction materials has also hampered development of the new camp. Presently the entire camp is under canvas.

During the month of March there were five medical evacuations, and the Motor Transport Section logged 32,127 miles.

It is noted that there are no Marine laundry facilities available in the Phu Bai area; however, other services are satisfactory.

COMMUNICATIONS-ELECTRONICS

Communications can be broken into two phases for the month of March: before the move to the Gia Le encampment area and after the move.

Communications before the move remained the same as it had been in previous months; the same trunk lines and locals from the battalion switchboard, the same radio nets were in operation, and the message center still had the Communications Guard for the Southern Sector, Rear Area Defense. Upon learning of the impending move, liaison was established with 1st Tank Battalion to take over the Communications Guard, and with 1st Anti-Tank Battalion, moving into the 3d Tank Battalion cantonment area. The Communications Guard was shifted at 1200 on 19 March 1967 to 1st Tank Battalion. All equipment was transferred, along with the files of the communications center. On 20 March the wire lines to Hoa Cam Training Center, 1st Marine Regiment, 1st Military Police Battalion, and Company "A", 7th Engineer Battalion were put into 1st Amphibian Tractor Battalion's switchboard.

During the convey to the Gia Le area, the acting Commanding Officer and Communications Officer monitored the convey control net while being able to pass traffic to the S-3 and S-4 over frequencies assigned to this battalion.

Upon arrival in the Phu Bai TAOR, Division TAC Net #1 was entered at 1600 on 24 March. Monitoring continued for the rest of the month, transmitting situation reports to Division by means of a KY-8 covered net.

Third Marine Division GEO directed that 3d Tank Battalion have Communications Guard for the three units in this area, but equipment was not readily available. By the end of the month, a teletype, AN/TGC-14 was borrowed from 3d Reconnaissance Battalion, and a KW-7, AN/TGC-14, and Ditto machine were borrowed from 3d Engineer Battalion. A bunker had not been built, however, and the Communications Center will not become fully operational until one is built.

An AN/TRC-27 was operating when the battalion arrived at our new area and two trunk lines to the 3d Marine Division switchboard were established on 25 March by means of the AN/TRC-27. Division wire section laid a 10-pair cable to this area and on the 31st, Battalion trunk lines to Division were switched to the cable. In addition, trunk lines were laid to 3d Anti-Tank Battalion and 3d Engineer Battalion, with a long local to the neighboring MCB-62 rock quarry.

The tech shop was set up inside an M-105 trailer. The main objective in the future will be completion of a communications bunker which will provide needed security.

CIVIL AFFAIRS

The Civic Action Team of the 3d Tank Battalion continued to work on the cooperative pig farm in Phong Bac Hamlet during the month of March. In addition, 13 Yorkshire pigs were acquired from USAID to improve the breeding stock of local pigs.

A merchants' association was organized and is now in full progress providing economic resources previously unavailable to the Phong Bac people.

When the Battalion moved to Phu Bai the Civic Action Team was transferred to 1st Marine Division for continuity of the programs in Phong Bac Hamlet.

In Phu Bai the Battalion Commander and the Civil Affairs Officer visited the village of Loc Son which is assigned to the Battalion as a civil affairs project. The Battalion is currently organizing and planning work for that area in conjunction with the 3d Marine Division G-5 Officer.

CONFIDENTIAL

MEDICAL AND DENTAL

During March, 284 military personnel were seen at sick call. VD cases totalled six, all gonorrhea contracted at the various R&R centers. A total of 477 immunizations were administered. The pay line was also used as a shot line with the result that 92 per cent of the immunizations due in March were given. The usual turnout for shots is about 70 per cent. March's MEDCAP total was 309. MEDCAP activities to Phu Hoa Hamlet were turned over to 1st Amphibian Tractor Battalion on 15 March 1967 due to the impending move to the Phu Bai area. MEDCAP will begin in the Phu Bai area as soon as areas are assigned and policies established.

1700		14	020130H	A 1st Tk Bn patrol challenged a VC moving along a rice paddy dike. The VC failed to stop and the patrol opened fire resulting in one VC KIA confirmed. Report passed for information only. The Hoa Cam Regional Forces Training Center and the Cam Ha Popular Forces Training Center are now in the process of combining into one camp for the training of Popular forces only. The tentative name of the new camp will be the Quang Da Popular Forces Training Center. On 28 Feb 1967, the Hoa Tho village chief apprehended three VC suspects in Binh Thai (H). One of the three suspects had a document in his possession that stated that he was authorized to operate as a representative of the Hoa Tho Village VC party. So far he has admitted to taking part in the bombing of the Phong Bac School house last September. He and other VC were to attack CAC 3-7 around the middle of March.	INTSUM #60

a. The following report is passed for information only: The Hoa Cam Regional Forces Training Center and the Cam Ha Popular Forces Training Center are now in the process of combining into one camp for the training of Popular Forces only. The last Regional Forces will graduate 11 March 1967. Col. Cardenas and Maj. Kearnes, the senior and deputy advisors to Hoa Cam are being transferred and Capt. Lawrence, the senior advisor at Cam Ha, will become the senior advisor to the new camp. The tentative name of the new camp will be the Quang Da Popular Forces Training Center.

b. On 28 Feb 1967, the Hoa Tho Village Chief apprehended three VC suspects in Binh Thai (H). Their names are Thia Thoai, Vo Xau, and Dinh Huong. Thai Thoai is a former PF who about seven months ago was working with 3d AT Bn. He was booted out because he was caught stealing from Marines. When apprehended, Thai Thoai had a document in his possession. The paper stated that he was authorized to operate as a representative of the Hoa Tho Village VC party. The paper was signed by "Hong" with the title NLF representative Hoa Tho Village. The paper also contained an "NFL" seal. So far

a. At 081700H, the following information was received from the 3d Tank Bn interpreter who learned this from friends of his in Phong Bac (H) (AT 993707): There is presently one VC local force Company designated the 59th located in the Bo Ban area, GS (AT 9568), strength 120, weapons include three or four 81mm mortars. Their mission will be to mortar the Marble Mountain area within the next 15 days. S-2 3d Tank Bn Comment: This may possibly be elements of the Hoa Hieu Company which was reported in that general area on 6 Dec 1966 (III MAF PERINTREP #8-67). Don't believe that size of unit could be more than a squad. The mission is rated C/3.

b. On 2 March 1967, five male VC conducted a meeting in the hamlet of Yen Bac. Purpose of the meeting was to persuade the villages to reject attempts by the government to move them out of their homes to another area. The new VC leader in the Hoa Tho village area is Ong Van Phap. They are moving their headquarters out of the Hoa Tho area to Marble Mountain because of the pressure put on them by the new Hoa Tho Village Chief and heavy patrolling in this area. This report is rated C/2. The new Hoa Tho village chief had been very active with the PF's in his area. During the month of February he personally accounted for five VC KIA and the capture of three shoulder weapons. His cooperation with this battalion has been outstanding.

1. 3d Tank Battalion INTSUM #74.
2. Period Covered: 150800H to 160800H March 1967.
3. Summary of enemy activity:

a. At 152330H a 3d AT Bn patrol at (AT 982701) observed five VC following them, the patrol set into ambush position and then fired upon the VC as they walked into the ambush site. An undetermined amount of a/w fire was then received from across the Sung Cau Do at (AT 979698). The VC broke contact. The area was searched with inconclusive results.

PARAGRAPHS 4 through 12: Negative.

13. Other:

a. The following reports were relayed from III MAF: One VC Co (Rein) with two artillery platoons and one VC Co in reserve are located at (AT893704), (AT885709), and (AT876670). They are armed with three 81mm Mortars, two 57mm Recoilless Rifles, three 60mm Mortars, and M14 A/R's. Their mission is to attack the Danang Airfield, Hieu Duc Headquarters, and Marine units within this area during the next two days. They have also threatened to kill the civilian populace if they try to move into the "New Life Hamlets". ARVN source rates B-1, 3d Tank Bn S-2 rates F-3.

b. One VC MF Co (Rein) with two Artillery Co's moved from (AT 845537) to (AT941597). Mission is to fire on Hieu Duc and Danang Airfield. They are armed with Missiles and s/a weapons. They are using local laborers to carry the missiles. After firing they will return to (AT941597). ARVN source rates B-1, 3d Tank Bn S-2 rates F-3.

1. 3d Tank Battalion INTSUM # 75.
2. Period Covered: 160800H to 170800H March 1967.
3. Summary of enemy activity:

a. At 161400H, a 3d Tank Bn, H&S Co squad patrol at (AT 988700) received three rounds S/A fire from across the Song Cau Do River at (AT 999697). Patrol returned 60 rounds 7.62mm with inconclusive results as the area was not searched due to the river barrier.

b. At 161930H, a 3d Tank Bn perimeter security post at (AT 988708) observed two HE type explosions at (AT 985708). Both explosions were equivocal of 60mm mortar. The area of mortar position was not observed. Perimeter was alerted, negative results on inquiries to all adjacent units with 60mm mortar capabilities.

PARAGRAPHS 4 through 12: Negative.

13. Other

a. 3d Tank Bn S-2 Cmt: Increased reporting of VC activity south and southwest of the Song Cau Do, Song Tuy Loan indicates good probability of VC squad size units operating in this area. VC movement reports received from the Phu Hoa Hamlet Police Chief (AT 9570) by 7th Engineers may have been a tipoff to the latest rocket attack on the Airfield (3d Tank Bn INTSUM #73 para 13B). Friendly troop density is lightest in grid square's (AT 9571), (AT 9671), (AT 9570), and (AT 9670). Increased patrol/ambush activity is indicated for these areas to prevent VC from constructing firing sites and ammunition storage areas, plus denying them a safe rest area.

NARRATIVE REPORT

A team of correspondents visited the 3d Tank Battalion today. Major Camp, USMCR, of the Department of Defense and his team were briefed on the 3d Tank Battalion civil affairs program. Taped interviews were made for radio use and an agreement was reached on plans for filming certain aspects of civil affairs, primarily the pig breeding farm.

The Hoa Tho Village Chief, Nguyen Duc Thu, has informed the 3d Tank Battalion that he has ordered drastic changes in Phong Bac and Yen Bac Hamlets. Commencing on 6 March 1967, Yen Bac Hamlet residences will be required to move into a fortified position. The position is a portion of Yen Bac (AT 987708) that is locally known as the fifth section of the hamlet.

Although the people will be allowed to work outside the compound, a strict curfew and security will be maintained. A similar move is planned for Northern Phong Bac in the near future. The area known as ~~Hamlet~~ *DONG BE* will be cleared and the people will be moved into other areas of Phong Bac Hamlet.

NARRATIVE REPORT

The 3d Tank Battalion Civil Affairs Officer, 1st Lieutenant W.F. Lochridge, travelled to Hoi An today. The purpose of the trip was to procure fishing nets. After meeting with the Quang Nam Province Deputy Chief and Fisheries Chief, Lieutenant Lochridge was granted five fresh water nets. The nets are to be used in the Cau Do River, Phong Bac Hamlet, and are to be maintained by local fishermen. This project is expected to continue to provide fresh fish at a low price for the residents of Phong Bac Hamlet.

10 March 1967

NARRATIVE REPORT

The 3d Tank Battalion Civil Affairs Office received a petition addressed to the Commanding Officer of 3d Tank Battalion. The petition was a request from the newly formed Phong Bac Merchants' Association. The president, on behalf of the association, has asked for assistance in procuring wood for improvement of the market stalls in Phong Bac Hamlet. Considering the enthusiasm and sincerity of the businessmen and noting that both the market place and merchants' association will benefit from any assistance, it is the intention of the Civil Affairs Office to support their request.

The merchants' association has formally petitioned the Hoa Vang District Chief for official recognition of their association. The first official meeting will be held at 1300, 13 March 1967. It is the intention of the association officers to present a draft of bylaws, to collect dues, and to discuss future activities to the members.

The Hoa Tho Village Chief, Nguyen Duc Thu, has begun the resettlement of the northern portion of Phong Bac Hamlet. The residents of the area known as Dong Be are being relocated within the central area of Phong Bac Hamlet.

The Chief also stated that resettlement of Yen Bac Hamlet is nearly accomplished. In the near future he will request assistance from the 3d Anti-Tank Battalion in obtaining land clearing machines. Meanwhile, Hoa Vang intelligence agents have reported that local VC leaders have been urging the people involved in the resettlement to resist the move. The reasons for these urgings are to retain the areas used by the VC for their operations and to prevent VC supporters from being moved into a fortified hamlet.

It is reported that if the areas involved are successfully transformed into a free fire zone, the local VC offices will be moved to the Marble Mountain area. Therefore, from a civil affairs viewpoint the resettlement is justified. Also, it is anticipated that the move can be accomplished with a minimum of difficulty.

The 3d Tank Battalion Civil Affairs Team visited the pig breeding farm, near the Danang airstrip, where the stock for our pig projects was purchased. The owner informed the civil affairs personnel that the litter he has been raising for 3d Tank Battalion civil affairs has been weaned and is ready for delivery. There are fourteen (14) piglets at this time.

Two pig projects have been approved by the 1st Marine Division G-5 and III MAF for 3d Tank Battalion civil affairs. The first project called for fifteen (15) pigs; three (3) pigs each to five (5) farmers. Only ten (10) pigs have thus far been purchased.

The second pig project is the "Pig Breeding Farm". Thirty (30) pigs have been authorized for the initial stock.

Of the fourteen (14) piglets now available, five (5) of them are to be used as the final increment of the individual pig project; one (1) pig each to the five participating farmers. This will be a total of three (3), as previously authorized.

The remaining nine (9) piglets will be used as part of the initial stock in the pig breeding farm project. This will leave a remainder of twenty-one (21) pigs to be procured of the authorized thirty (30).

The pig breeding farm is 60% complete. If the fourteen (14) piglets are purchased, the initial stock can be penned in the farrowing pens or at the nearest individual pig project participant's pen. Attention is called to the fact that time is of essence in this matter for two reasons: the civilian pig breeder will not hold the pigs beyond the agreed purchase dates, 16 or 17 March 1967; secondly, both pig projects will be impelled forward with the additional piglets.

NARRATIVE REPORT

The 3d Tank Battalion was visited today by Major General George Forsythe, U.S. Army, Pacific Command G-3; and Rear Admiral Ralph Cousins, U.S. Navy, Western Pacific J-5; and party.

The visitors were briefed on 3d Tank Battalion's civil affairs program and toured the pig breeding farm.

Major McGill, of the 1st Marine Division G-5 Office, inspected the 3d Tank Battalion civil affairs office and its operations. Major McGill also attended the briefing given to the visiting VIP's.

The first official meeting of the Phong Bac Merchants' Association was held today. The meeting was strictly a Vietnamese function with the 3d Tank Battalion Civil Affairs NGOIC in attendance as an observer. Meetings are to be held on a regular schedule or special session. The officers of the association are apparently in control and are capable of directing the future affairs of the association.

NARRATIVE REPORT

Mr. William Cook, the Quang Nam Province OCO representative, visited 3d Tank Battalion today. He informed the Civic Action Team that residents of Phong Bao Hamlet had asked Province to send animal husbandry experts to the next Farmers' Cooperative meeting. The next meeting will be held in another week and a half. Primarily, the people are interested in obtaining additional facts on hog raising. According to our records this particular request is a first of its type. In the past, little effort was manifested by the people to require such information. Perhaps, our work concerning pig production has created a stimulus for the people to initiate their own desires. In addition, Mr. Cook stated he had been informed via people in Hoa Vang District, that the Viet Cong were interested in Phong Bao's pig breeding farm---assumedly in a destructive interest.
